

The Vernon Record.

Published Semi-Weekly—Tuesday and Friday

VOLUME 14.

VERNON, WILBARGER COUNTY, TEXAS, FRIDAY, DECEMBER 8, 1922.

NUMBER 95.

End of Record's Great Battle Is Almost Here

Saturday Is Last Chance To Win Big Votes; and Then Just Seven Days Remain Before Close

"Seven more days." These three words have a potent meaning when we consider the importance of the result of the Vernon Record's big automobile and gold campaign, which is now nearing a conclusion.

The last of the big votes will undoubtedly be the deciding factor in determining the winners of the splendid array of prizes which has dazzled the eyes of the entire community by their exceptional value in this famous campaign.

Who Is Your Favorite?

For more than seven weeks the contestants have been engaged in accumulating votes, and during this time the Vernon Record's big automobile campaign has gained fame that is widespread. This is the most liberal prize-winning event ever inaugurated in this section of the state.

The efforts and diligence of the past few weeks will be crowned with an avalanche of votes that will be a surprise to thousands of people in this section of the state. This is the time for candidates to hurl themselves with vim and vigor into the fray.

The Vernon Record is justly proud of the list of contestants that are competing with might and main in this exciting "battle of ballots" for the biggest stakes ever offered in West Texas newspaperdom—it seems that each community in the city and county has chosen its brightest and most energetic leader for its representative and these favorites are well fulfilling the expectations of their hundreds of friends and supporters in their respective communities.

The race as the finish of the big "third period" approaches, is truly a neck and neck affair. No one candidate has any material advantage over the remainder at present and the amount of subscriptions that each is able to turn in before Saturday night may tell the tale.

Now for the Finish

And now for the whirlwind finish. Now for sensations and surprises. These are the days that will test the resourcefulness of the candidates. Here is where their courage upholds them and makes them fight, or the lack of it takes the stiffness out of their knees and leaves them trailing in the dust—an "also ran." Sometimes too, supreme courage urges them on when they tire and that is the GREATEST FIGHT OF ALL.

Votes will pile up rapidly during the next few days. The LIVEST part of the competition is now at hand; and while all the leaders are on the same footing, at the same time, those who want to—and will—be afforded the opportunity to forge ahead and corral the winning votes.

From now on until the finish is the time when 100 per cent efficiency counts.

Attention Candidates

The special attention of out of town candidates is again called to the arrangement that has been made which affords every worker the advantage of securing subscriptions right on till the last moment of the "third period" (12/15).

(Continued on page 6)

Better Price for Reactors

A check on the reacting cattle sold on the Buffalo market shows that the efforts of the Packers and Stockyards Administration and the Bureau of Animal Industry of the United States Department of Agriculture have been securing better treatments for persons who have cattle of this class to sell.

Records from June 1 to September 25 show that on a total of 542 head of tuberculous cattle the gross price paid per head was \$22.17, less expense of \$3.84, making a net price of \$18.33 per head. In the past, records had been kept on 4,500 head and the average price paid was only \$14.50. Few buyers are now taking advantage of the farmer who is trying to clean up his herd. Many of them find that they can afford to pay as much for reactors that are not condemned as unfit for food as they can pay for untested cattle of the same kind and quality.

Stroke Of Ten Will Close Third Period; Mailing Is Allowed

The "Third Period" of the big race ends at 10 p. m. sharp, tomorrow (Saturday) night.

Never again will subscription count for as many votes.

Those contestants in the Vernon Record office by 10 o'clock will be waited upon and permitted to turn in their subscriptions on the big vote schedule, but positively no one will be permitted to enter the office after 10 for the purpose of entering a subscription, or subscriptions on the present vote schedule.

All contestants may take advantage of the usual mailing privilege—that is, all subscriptions mailed in any postoffice anywhere before 10 tomorrow night will receive the benefit of the present big vote schedule, even though they do not reach Vernon Record office till Monday or Tuesday.

PROGRESS SHOWN IN FARM REPORT

RESUME OF YEAR'S ACTIVITIES IS PREPARED BY P. D. CHANEY

Progress along all lines of agricultural and stock raising endeavor in Wilbarger county is shown in the annual report of P. D. Chaney, county farm agent, covering activities during the fiscal year ending Dec. 1. The report, which covers about 50 typewritten pages, has been forwarded to the district agent at A. & M. and he will forward the copy to the United States department of agriculture. Material in the reports from each county farm agent is used by A. & M. college in many of its bulletins.

In addition to detailed figures on experiments conducted with the aid of farmers, in raising alfalfa and other forage crops, potatoes and staple farm crops, the information submitted by Mr. Chaney includes many items dealing with his work in a general way. Nineteen hundred and forty-six visits were made by Mr. Chaney, county farm agent, to pig and agricultural club members, and to farmers, during the year. Mileage on these trips totalled 9,404 miles. About 3,650 calls were made at Mr. Chaney's office and home on business connected with his work, while 730 telephone calls were listed during the 12 months. The farm agent spent 72 days in correspondence and other work at his office, the report shows. More than 800 letters were sent out, and three circular letters were prepared and distributed, a total of 1,286 copies being mailed. Eighteen articles were prepared for publication in local news papers. Thirty-six visits were made to schools of the county, in connection with agricultural work.

Thirty two boys' and girls' club members had exhibits at the county fair and 15 prizes were awarded, it is stated. Total profits made this year by club boys in raising peanuts, green sorghum, sweet potatoes, wheat, oats, and other crops, and through pig and baby beef club operations totalled \$1,351.65.

Mr. Chaney's report covers organization of the Wilbarger county live-stock association, in which he assisted. Twenty-five specialists from A. & M. college and from the United States department of agriculture visited Wilbarger county during the 12 months.

HUGGINS TO GO TO PLAINVIEW SUNDAY ON COMMANDRY WORK

Wallace H. Huggins, Recorder of the local Commandry, will leave Sunday for Plainview where he will inspect the plains city Commandry.

George Stapleton of Amarillo, one of the grand officers of the Grand Commandry of Texas, will join Mr. Huggins at Amarillo. The inspection will take place Monday.

82 YEAR OLD MAN TAKES OWN LIFE

Henry Kenner, a pioneer resident of Foard county and known to many citizens of Wilbarger county, was found dead at his home at Crowell early yesterday morning, when members of his family were aroused by the report of a shotgun, according to information received here. A shotgun lay beside his bed. A coroner's verdict yesterday was that he came to his death from a self-inflicted wound.

Mr. Kenner had resided in Foard county since 1885. He was about 83 years old. He was a highly respected citizen and had friends scattered through this section of the state.

Metal ceilings, awnings and repainting of the interior and front will probably be completed this week, according to Mr. Evans.

Improve South Side Buildings

W. H. Evans, retired banker and realty holder, is repairing his buildings on the south side of the square.

Metal ceilings, awnings and repainting of the interior and front will probably be completed this week, according to Mr. Evans.

The home of J. D. Summerour, on West Texas street, was burglarized Tuesday night, and a quantity of meat and provisions from Mr. Summerour and a pistol belonging to H. A. Conner were taken. No clue was left by the burglars.

Summerour Home Is Burglarized

He is survived by his wife and a large family. Interment took place today in the cemetery at Crowell.

Installs Receiving Outfit

E. W. Hampton Tuesday completed the installation of a radio receiving set, at his home on North Stephens street. Tuesday night Mr. and Mrs. Hampton tuned in on a number of broadcasting stations, including the Kansas City Star, which gives a "night hawk" program shortly after mid night. They have picked up many cities this week. Their outfit is of the one tube detector type.

Summerour Home Is Burglarized

The home of J. D. Summerour, on West Texas street, was burglarized Tuesday night, and a quantity of meat and provisions from Mr. Summerour and a pistol belonging to H. A. Conner were taken. No clue was left by the burglars.

NEW YORK HAS FIRST WOMAN AUCTIONEER

Miss Lillian Lagomarsino, the first woman auctioneer in New York City.

She has been granted a license by the Commissioner of Accounts, who asserts that candidates for licenses must prove possession of a natural adaptability for the position.

TRAP FOUR WOLVES FLAMES DESTROY IN SINGLE NIGHT NEW NEGRO CHURCH

PIONEER SETTLER SAYS ANT ELOPE MEAT IS BEST HE HAS EVER TASTED

If he could get the same results on a big scale as he accomplished in a single instance, J. W. Oller, farmer and ranchman residing 20 miles south of town on the Vernon-Seymour road, could afford to go out and shoot all his cattle.

Mr. Oller and B. H. Whatley set some traps near the carcass of an animal which had died. On two successive mornings they caught a coyote and on the third morning they caught four coyotes, they stated yesterday while in Vernon. According to the ranchman, wolf traps are selling to Northern fur houses for as high as \$14 each.

MOVIE CALENDAR

SCREEN'S GREATEST CAST APPEAR IN "HAIL THE WOMAN"

One of the most complete and brilliant casts which any producer ever assembled, is that which interprets "Hail the Woman," Thomas H. Ince's great human epic at the Pictorium Theatre Monday and Tuesday.

Florence Vidor, Carl Sandburg's "unforgettable woman," takes the role of Judith Beresford, the beautiful flower sprung from harsh New England soil, whose spiritual courage and noble character redeem the faults of those she loves, as she goes out into the world to escape from her tyrannical and unjust "Old Testament," father and to care for her brother's neglected child.

Madge Bellamy gives a strongly emotional interpretation of Nan, the pitiful and abused girl-wife, whose loyalty to her husband's command not to disclose their secret marriage, ruins her life.

Theodore Roberts, master interpreter of character parts, and one of the pioneers of the stage and screen, makes a splendid Oliver Beresford, the grim old bigot.

As David Beresford, weakling son of Oliver, Lloyd Hughes fills a difficult role in a most vivid and convincing manner. He gives a dramatic interpretation of the transition David's character as he develops from college boy into a grown man and a minister of the gospel.

Tully Marshall is an unequalled success in his interpretation of the vicious "odd-jobs man," whose cupidity is tempted by Oliver Beresford. Marshall's splendid interpretation of the part of Chang, the Chinese mercantile prince in "The Cup of Life," the recent Thomas H. Ince success, is still fresh in the public mind.

Gertrude Claire gives a clever study in her sympathetic interpretation of the part of Mrs. Beresford, the self-sacrificing wife and mother.

Vernon Dent gives a clever study of Joe Hurd, the crude and bucolic suit for Judah's hand.

Edward Martindel makes an excellent nonchalance man of the world in the role of Wynham Gray, Judith's playwright friend.

Charles Meredith, as Richard Stuart, is an excellent type of the New York aristocrat, in love with Judith.

Mathilde Brundage makes a splendid "great lady," as Mrs. Stuart, the society leader.

Muriel Duna, four-year-old star, is a sturdy "little boy" in the role of Davy, Jr.

CYCLONES SPREAD TERROR IN "OLD HOMESTEAD" SCENE

Perhaps the most remarkable storm scene ever pictured on the screen, is that which spreads terror in and practically destroys an entire village erected for, "The Old Homestead," a new Paramount picture directed with skillful success by James Cruze. Twenty powerful wind machines, aided by a fire engine, were employed in this exceptionally realistic elemental disturbance.

The storm that wrecks the town of Ganzeys is a humdinger. The village was a good sized one of forty or more houses and all were erected for destruction by the hurricane and deluge. Their roofs are blown off, their shutters torn away, and their chimneys fall. But the old homestead stands like a rock—symbolic of the indestructibility of the greatest institution of civilization—the home!

Twenty wind machines and a four-inch pipe line with a fire engine pumping the water from a nearby river, over a distance of three quarters of a mile, formed part of the equipment for producing the greatest storm scene that has ever been filmed. According to experts, this Paramount picture which comes to the Vernon Theatre next Monday and Tuesday entailed

a greater amount of ingenuity and difficult work for all concerned than almost any picture that has been made.

The rain was visible three quarters of a mile back from the cameras. At a different period, the set was covered with snow, and when it is remembered that the village consists of about forty houses and several streets, the magnitude of this will be realized.

The four seasons of the year are represented—from spring to spring. Thus the appearance of the set had to be altered accordingly and with the final storm much of it was destroyed. The population of the village is practically kept intact throughout the picture. Each resident presumably lives in the village and special houses or stores were assigned to all. When the auction of the old homestead is about to start, they flock to the scene just as real villagers would do.

HARRISON FORD AGAIN WITH CONSTANCE TALMADGE

One of the screen's most promising young men comes to the Pictorium Theatre today and tomorrow with the appearance of "The Primitive Lover," the First National Attraction starring Constance Talmadge. He is Harrison Ford, whose rapid rise in screen fame during the past year has been a tribute to his sterling ability and unusual facility for adapting himself to diversified camera requirements.

Since the time he commenced playing leading roles opposite Ethel Clayton and Wanda Hawley he has met with steady success. His sterling work brought him to the attention of Norma Talmadge and he played opposite this star in her latest pictures, notably "The Passion Flower," "The Wonderful Thing," "Love's Redemption," and "Smilin' Through."

"The Primitive Lover," which is marked by the first appearance of Ford opposite Constance Talmadge is also notable for the inclusion of Kenneth Harlan in the cast.

"The Primitive Lover," is a humorous satire on the romance stricken girl who imagines herself the heroine of every trashy best seller that comes from the book dealer. It was adapted by Francis Marion from an original story by Edgar Selwyn and was directed by Sydney Franklin, who also directed "Smilin' Through."

HURRICANE TRACKED 5,000 MILES BY WEATHER BUREAU

West Indian hurricane this fall was followed for two weeks over a distance of more than 5,000 miles by means of reports made to the Weather Bureau of the United States. Department of Agriculture by vessels cooperating in its marine meteorological work. This storm originated about September 13 somewhere between the West Coast of Africa and the Windward Islands and a short distance north of the Equator. It first traveled in a west by north direction, trending like most hurricanes of this type, more and more to the northward as it progressed, and finally recurved to a northeasterly direction about midway between Porto Rico and Bermuda.

On September 21 it passed close to Bermuda, causing extensive damage. The United States battleship Maryland, returning from Brazil with Secretary Hughes and other officials on board, felt its influence, although never nearer than 200 miles to the center. The hurricane reached the eastern part of the ocean on the 24th. Here its influence extended over the eastern portion of the trans-Atlantic steamer lanes, and a large number of vessels were heavily involved, including the Aquitania. The storm broke up on the 28th along the west coast of Europe.

From the 15th to the 21st the progress of the hurricane was broadcast by radio upon information furnished by the Weather Bureau, but after it passed Bermuda advices were no

longer possible on account of its distance precluding radio communication. When reports from the Aquitania and other ships appeared in the press telling of the storm in which they were involved it was suspected at the bureau that the storm was none other than the hurricane which had passed Bermuda a few days before. This view was subsequently confirmed by ship reports received by mail. In cooperation with European weather services the bureau is endeavoring to extend the radio storm-warning system to include the whole of the North Atlantic Ocean.

FREE TICKETS OFFERED TO SIGHTING OF HEALTH FILM

"Fashion and Health," an educational film showing the results of proper and improper corset fitting, will be shown at the Pictorium theater next Wednesday, under auspices of the Russell Drygoods company. The picture is said to contain a vital message for every woman who desires to enjoy good health and at the same time obey the dictates of style.

The Russell store will give free tickets to all women of this vicinity who call at the store, it was announced today. The offer of free admis-

sion is made only to women.

The film will be a special feature, and the regular program will be shown in addition.

PROFITABLE PIGS NEVER STOP GROWING—SLUGAN

In an exhibition entitled "Pork production," shown by the United States Department of Agriculture at the International Livestock Exposition, Chicago, December 2 to 9, the department gives the essential points for raising swine economically.

Good breeding stock, proper mating, and careful feeding of the brood sows are all important, but a point in hog raising that should receive more attention, because it is often neglected, is the necessity of keeping the young pigs growing continuously from the moment of birth to maturity.

Even before the pigs are weaned they should have access to corn in self-feeders as a supplement to the sow's milk. As soon as they are weaned the pigs should be kept on full feed either by self-feeder or by hand. Approved types of self-feeders, hayracks, troughs and watering fountains are shown in the exhibit. Proper feeds and exercise furnished vigorous pigs of proper type result in hogs of num-

ber weight at about 8 months of age.

"The profitable pig is the one that never stops growing from farrowing to market," is a good slogan for every hog raiser.

CULLING TO INCREASE EGG PRODUCTION SHOWN IN EXHIBIT

A sure means of increasing egg production by proper culling is given in an exhibit entitled "Make your poultry pay" shown by the United States Department of Agriculture at the International Livestock Exposition, Chicago, December 2 to 9.

Two pens of live chickens are shown

one lot of 12 hens was not culled, and ate in one year 900 pounds of feed, costing \$20.70. The 12 hens laid 100 dozen eggs during the year.

Contrasted with this lot is one of 8 hens which were culled and which laid the same number of eggs but ate only 900 pounds of feed, at a cost of \$13.50. The lot of 12 hens that was not culled ate 50 per cent more than the lot that was culled and produced no more eggs. The extra cost of feed, however, is but one of the larger costs. Others are the extra labor, extra housing room, and extra capital invested.

To enable the poultryman to cull his hens properly the exhibit gives the

points to be looked for when determining a poor layer or a good layer. These points are quickly learned and are means of increasing profits from poultry.

Overland

The Most Sensational Announcement Ever Made in the Automobile Industry

Nothing could give more pleasure throughout the year, for the whole family, and be more practical for a Christmas gift than the NEW OVERLAND. We say practical because of low upkeep. We will give you this guarantee. We will keep any new Overland car bought from us during December in proper running condition including labor and parts—excepting only tires and batteries which are guaranteed by their manufacturers and damages from wrecks—for an entire year at a cost of only \$25.00.

Only \$25 for 1 Year's Upkeep

This remarkable plan takes the guess out of Automobile upkeep cost.

This is the first time in history that you can buy an automobile and know exactly how much it will cost to keep it in proper running condition.

Such a revolutionary measure is made possible only by the sturdy construction of today's extremely low priced Overland and its marvelous record of performance.

No other car in the world equals the economy of the Overland. No other car has ever sold under such an unlimited guarantee.

We are putting into operation the flat rate basis for all repairs on our cars, telling

the customer just what his bill would be before he authorized the work.

OUR PLAN

Today we give you an advance service plan never before undertaken for any automobile. In it we positively answer the question every automobile buyer should ask—"How much will one year's maintenance cost me?" Others may give you a figure, but are they willing to guarantee it?

Buy an Overland and take the guess out of your purchase. Low in first cost. Lowest in operating cost.

SOCIAL

HOLIDAY SOCIAL AFFAIRS AT HILL CREST CLUB ARE PLANNED

Members of Hill Crest Country club are looking forward with much interest to the coming holiday social season.

Four dances, one forty-two party, one bridge party and a musical program, all of which will take place within a period of seven days, have been arranged by the social committee.

Renewed interest in the social affairs of the club has developed during the past few weeks and some of the most delightful programs in the history of the club have been held recently. It is practically assured at this time that the Christmas season this year will be a great success.

Following is the calendar for the holidays:

Monday, Dec. 25

Dance—
G. C. Morris.....Miss Dell Summer
Keith Berry.....Miss Mary Anderson
Sam Napier.....Miss Olive Shive
Joe Summer, Mrs. Katherine Waggoner

Tuesday, Dec. 26

DELBERT WEBB AND MISS MAE CRISP OF FARGO WED

Special to The Record
Fargo, Tex., Dec. 7.—Miss Mae Crisp was married Sunday afternoon at the home of her parents, Mr. and Mrs. J. L. Crisp, to Delbert Webb, of Vernon. The bridal party was attended by Mr. and Mrs. George Goins, the bride's sister, Miss Laura Clarence Wilhelm, Mrs. Wilhelm, playing Mendelssohn's wedding march. Rev. F. D. Pearson, pastor of the Baptist church, performed the ceremony in an impressive manner. A wedding dinner, of all the good eatables of the season, was spread and partaken of by the following guests: J. L. Crisp and family, R. E. Owen and family of Doans, Mrs. J. R. Owen, Mr. and Mrs. G. Elliott and son, Mr. and Mrs. Geo Goins, Claude and Wayne Goins, Roy Mason, D. J. Wilhelm and family.

Mr. and Mrs. Webb will make their

home with her parents for the present.

Sunday School Banquet Planned

A banquet will be given in the basement of the Central Christian church Monday afternoon at 6 o'clock in honor of the three classes who were in the lead at the end of the auto race contest which ended several weeks ago. This entertainment has been postponed on account of the evangelistic services. Those belonging to the three classes, namely Miss Erma Rhoads, Johnnie Mallow or Mr. Pyles are invited to be present on the above date.

Celebrates Fourth Birthday

Little Wynne Jones, son of Mr. and Mrs. D. Jones, celebrated his fourth birthday Thursday afternoon at his home on South Main street, when all his little friends came to wish him a hundred happy birthdays. The afternoon was spent in playing games of different kinds, at the close of which the guests were led into the dining room and there the center of the table hung a Christmas bell. From this streamers of different colors to the plates where little favors, consisting of dolls for the girls and whistles for the boys, were arranged very attractively. Each child enjoyed a cut from the big old birthday cake and four wishes were made as the candles were blown out. Those present were Misses Naomi Wright, Velma Gene Moore, Maurine Cartwright, Joyce Puckett, Wilma Gene Armstrong, Dorothy Rogers, Polly Lissman and Messrs. Winford Shive, Clancy Keltz, Denfeld Armstrong, George Cartwright, J. C. Armstrong, David Nowlin, Cy Long, Jr., Cope Gibson.

Five Tables at Bridge Party

The Tuesday Bridge club met Tuesday afternoon at the home of Mrs. J. T. Glover, on West Texas street. There were five tables arranged for the players. The house was attractively decorated, the Christmas spirit being carried out in the place cards. At the close of the games refreshments were served to the following: Mesdames A. B. Garland, P. W. Handrix, E. C. Christian, W. A. Wilhelm, Jno. Allison, A. C. Nicholson, Herb Thompson, H. L. Terhune, Conner, Roy Abbott, Moss Lovelace, Roy McCombie, Homer Rogers, Ava White, McJaw, R. M. Hooper, Fred Thompson, J. G. Sherman and Misses Lillie Castleberry and Minnie King.

Hold Interesting Study

The Delphian Club which met Wednesday afternoon at the home of Miss Johnnie Mallow, had an interesting lesson on "Conduct of Life," with Miss Harriett Thomas as leader for the afternoon. Ten members answered the roll call. At the close of the lesson refreshments were served to the following: Mesdames B. A. Williams, W. A. Wilhelm, Y. H. Babson, Jed Morrow, H. D. Hockersmith, O. A. Brumson, Emory Rhoads, J. G. Hughes, and Misses Esther Swartwood and Harriett Thomas.

Don't spend all your spare time between now and Christmas on that embroidery. Buy it at the Delphian ladies Bazaar, lobby Bailey Hotel December 15 and 16. 95-26c.

"I TOLD-YOU-SO"

Worry is one of those melancholy dissipations that we all indulge in more or less, and when the cause of it is removed by finding out that there was no twelfth century.

Still other trail blazers were "wagon dwellers." They might be compared in this respect to the followers of Genghis Khan, who swept across the plateau of North China and Persia in the

In the space of 20 years the log cabin replaced the dugout, and a few stone buildings were making their appearance. From this period on, the architectural history of Northwest Texas would be a kaleidoscope—shifting, changing, improving, until

The children were never taught to give. They were only taught to expect and receive. Is it any wonder that we all grew up to be selfish.

More Blessed To Give

For these reasons we resolved then and there if we ever did grow up and turn into a woman we were going to help the boys and girls to find ways to make

In the early days, when the ranch workers slept often beneath the canopy of night, with a wet saddle blanket for a bed, there was only one aristocracy—that of honest men who were engaged in changing a virgin country into a country of homes. Perhaps there are few people, even among the descendants of

The fact that a system of castes has replaced this broad democracy which rendered the stranger a welcome guest at the rancher's fireside. But in our maelstrom of social life today, we could draw a good lesson from

Everything is looking fine for next year's business and crops.

There is a good deal of worry right here in Vernon over our extravagance and though we are all worried it will never do anyone any good.

Now the good folks who worried and, we might say, slept, and preached at us to hold on to our money will say that at last they have achieved results.

Chanticler, the rooster, thought that he caused the sun to rise by his crowing at the dawn.

Everything is looking fine for next year's business and crops.

It is our part to ride easy and expect the best. We should have no patience with those who preach calamity and then take the credit when nothing bad happens.

TRANSITION.

The history of Anglo-Saxon architecture in Northwest Texas presents a strange paradox. The first dwelling constructed by white men in this region date back in point of time only a little more than 50 years, but in their style of architecture they date back to prehistoric eras.

The advance guard of white settlers were in most cases cave dwellers. The conventional ranch headquarters in the beginning of the cattle industry in this part of Texas was a dugout. The first enclosure for stock was a rope corral.

In this same "prehistoric age" a number of Texas settlers were nomads—tent dwellers. Their homes were made of ducking, stretched to form a lean-to. They migrated with their herds according to the season or the condition of the grass, just as the Bedouins of Arabia have done since the opening of the Christian era.

Still other trail blazers were "wagon dwellers." They might be compared in this respect to the followers of Genghis Khan, who swept across the plateau of North China and Persia in the

MAKING CHRISTMAS MONEY

By Phoebe K. Warner

Really the right time to begin to teach us that it is more blessed to think about making Christmas money than to receive? Then

mas money is the week after why let our selfishness rob the

Christmas instead of the month children of the greater blessing?

before. But who does it? And And Christmas will be a happier

suppose we did begin to make day for us all when we can all

our Christmas money in January, June, July or even October,

most of us would have it spent as the receiving.

Now first of all there is a universal mistake in most of our Christmas. Right now is a good time to put on a red hot campaign for making Christmas money. Most of our big financial

campaigns only last a week. So have that you do not find in town

at all. For instance, we wish to know right now the name

of some school boy to write to who would climb one of those

grand old trees in South Texas and get us a box of that wonder

box full of holly and mistletoe

that we wanted to do. But for our own Christmas decorations

we never had any Christmas money. Somebody else had all ful it would be away out here in

the money and got all the joy of the Panhandle than red tissue

buying and spending and hiding paper shipped in from some for

things around and bringing eign land or strings of cran

them out on Christmas morning berrie from Wisconsin that do

for us. We never did in all our childhood know the joy of giv

ing anyone a Christmas gift. to the snowy winter land of our

All the fun we got out of Christ own Texas. Boys, here is a

mas was in what we received and chance for you to work up a

sometimes there was as much Christmas business all your own,

disappointment as rejoicing in while the Panhandle boys might

that. Santa Claus did it all and make their Christmas money

in return received all the credit and all the happiness that comes

getting Christmas trees out of the canyons for the many homes

in our part of the country.

Conserving Memories

Of course, somebody will have something to say about conserving the young cedar trees. But we are in favor of conserving the memories of home and the children clustered around that

bright little tree on Christmas morning. The children, so reared, will do more to save our country when they grow up than the tree would.

And then boys, try to find something extra to do Saturdays

this months, like picking cotton or oranges or shoveling snow as

or the needs may be in your part

of the country. Clean up the

garden for the winter rains or give the hen house a good cleaning or chop some extra wood or do something to earn your own Christmas money.

And girls, how many of you

made things for bazaars and for

various sales for church funds and

and school funds and a hundred

other things. Now we want to

suggest that the girls in every

school district have a bazaar of

your own. Let the boys in on it

if they have something to sell.

Have it at your school house.

And invite everybody from the

whole community and the city

and the towns if you live near

one to come to your sale. Then

just see how many things you

can have at that bazaar that

everybody needs to get ready

for Christmas. Things that you

have made and would rather

have the cash to exchange for

other things. Fresh eggs, but

ter, dressed chickens, cakes, pop

corn, peanuts, and pecans and

home made candies. Jars of jel

and preserves, potted plants

from your yard. There are so

many things you can find

around your home that some

body needs. Have a called meet

ing at recess at school and get

your thinkers to work and see

what you can do. And then

when an article of any kind is

sold let the money paid for it go

to the boy or girl to whom it be

longed. Just have a sale for

yourselves for a change and

see how interesting it will be.

A Yule Tide Market

And once upon a time we knew a group of little girls who lived in the country who had a market for three Saturdays before Christmas in one of the stores in town and everything they brought to that market was

sold and the money returned to

the girl who brought it. Did it

pay for the trouble? Some of

those girls made as much as \$10

for their Christmas money with

the market and most of it was

spent in the store that gave them

a place for their business. The

canning club girls should have a

lot of things to exchange for

Christmas money and when we

have sewing in every rural

school, then the girls will make

hundreds of articles for their

own Christmas bazaar. But

let's do our best with what

we have.

You will get a lot of fun of

making your money. You will

get more fun out of spending it

and you will get the most fun

from having your own gifts to

give that you have earned your

self, for there is no greater joy

in life than the joy that comes

by making others happy. And

now let's set a goal to reach.

We are hoping that at least

1,000 Texas boys and girls who

read this will plan a way to make

from \$1.00 to \$5.00 for their

Christmas money and more if

you can. And when it comes to

spending it, if it is not too much

trouble, we want you to spend

the last cent of your fund for a

plain post card and send it to us

(Claude, Texas telling us how

much you made and how you

made it. And in this way we

might all together help another

thousand boys and girls next

year, to have a happier Christ

mas.

Will you do it? Are you

ready?

Plow Conquers Cattle Ranches

Lubbock, Dec. 4.—Thousands upon

thousands of acres of untiled lands in

this section of the plains, former

ranges of large herds of cattle, are

being broken up and settled on.

Do You Feel This Way About It?

Then it's high time you were joining the ranks of the Useful Givers.

When you give things that fill actual everyday needs—like wearing apparel—there is no waste in your Christmas outlay.

For Men and Boys the most useful gifts this year include—

For His Fixing—

News from The Churches

First Methodist Church

Robert E. Dickenson, D. D., Pastor.
R. D. L. Kilbough, Sunday school Superintendent.

9:30 a. m.—Sunday school.

11 a. m.—Morning worship.

Organ Prelude—"Andante in G."—Batiste.

Duet—"Nearer Home"—Mrs. Miller and Mrs. Dickenson.

Offertory—"Prayer"—Lemaigre.

Sermon by Dr. Dickenson. Subject—The Attitude of Jesus Towards Sick People.

Three Minute address—The Need of Hospitals—Dr. J. E. Dodson.

Postlude—Flagler.

7 p. m. The evening service.

Voluntary—"Pastorale"—Flagler.

Orchestra—"One Sweetly Solemn Thought"—Mrs. Roy McConville, Director.

Offertory—"Spring Song"—Mendelson.

Chorus—"My Wonderful Dream."

Sermon by the pastor. Theme: "The Prodigal Girl."

Postlude—Dubois.

Next Sunday will be observed as Hospital Day. What is Methodism doing for the sick?

Mrs. E. C. Christian will direct the Intermediate Choir next Sunday at 9:30 o'clock in singing the Christmas Carols. Christmas will soon be here. Catch the spirit.

The general theme for the service Sunday morning will appeal to the human heart to apply the Gospel of Christ to the needs of men and women of today.

Prayer meeting Wednesday night at 7:15. Subject: "The Patriarchs of Genesis."

Attend church now while you are live human beings. Don't wait for the hearse to bring you to church. "Let's go to church," if carried out, will help you to win your fight against temptation.

Central Christian Church

The auto race contest is again taking on new life. The leader of one class boasted that they would not let any girls beat their class, but the young ladies class still leads. Others are following close, so it is a real race. Next Monday night at 6 p. m. the banquet will be served to the winners for the former race. Three classes reached the goal on the same Sunday. The three classes and their teachers will be served. We look for a much larger attendance next Sunday in all the classes.

Sermon subject at 11 a. m.: "The Art of Hearing Sermons."

The theme at 7 p. m.: "An Ancient Stacker."

Everyone is cordially invited to each of these services.

LEWIS P. KOPP, Minister.

Presbyterian Church

We earnestly request all members of the Sunday school to be present next Sunday. Some important announcements to make.

Worship at 11 a. m. and 7 p. m.

At the morning hour the subject will be "The Solution for Hard Times." For the evening hour the subject will be "An Inscription on a Corner Stone."

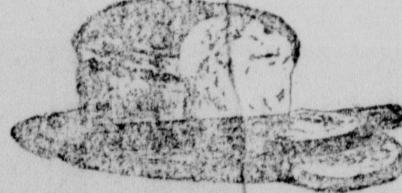

Let's make this a great day in the history of our church and Sunday school.

Strangers and visitors cordially welcomed.

E. L. MOORE, Pastor.

SACRED CONCERT IS VERY ENJOYABLE MUSICAL EVENT

One of the most enjoyable musical events in the memory of Vernon residents was the sacred concert given last Tuesday night at the Central Christian church by the choir of the First Christian church of Wichita Falls.

The concert was preceded by a banquet served by women of the local church in the basement of the building in honor of the visitors. The building was crowded when the concert opened. Dr. L. D. Parnell directed the choir. Mrs. Wayne Holmes and Mrs. Lee Clark, the former in trio and quartet, the latter in solo and chorus, were particularly fine. Mrs. Hancock and R. E. Shepherd also drew special attention.

The program: Te Deum (Frank); Sun of My Soul—(Shelby); Quartet (Gallilee); Heaven is not Far Away (Wooler); Venite Eb (Wirtz); Solo—Babalon's Way—(Gounard); Trio; Te Deum (Dudley Buck); Gloria (from the Twelfth Mass.)

Ford Touring Car Stolen

A Ford touring car belonging to R. B. Gibson was stolen Wednesday night while Mr. Gibson and members of the family were attending the Elks' charity show. Mr. Gibson left the car standing on Wilbarger street, in front of the Lisenbee Furniture company store. The loss was reported to officers who are making an effort to recover the machine.

Buy Kansas Expansion flour for satisfaction at Puckett Bros. 1c.

Miss Ruby Stevens Weds

A. H. Curtis and Miss Ruby Stevens were united in marriage at the office of Justice of the Peace T. J. Griffiths, at 11 a. m. yesterday, Justice Griffiths officiating. Mr. Curtis is from Oklahoma. The bride is a daughter of Mr. and Mrs. E. L. Stevens, who reside four miles east of town. The young couple will reside at Fort Worth, Okla.

Special Study Course Planned

A special study course will be given at the First Methodist church in January, according to plans formulated this week. The course will last two weeks. Dr. Pepper, of Memphis, Tenn., will be asked to speak at one of the meetings.

Elaborate pieces, real work of art—cheaper than you can make them. Delphian Bazaar, Lobby Bailey Hotel, December 15 and 16. 55-21c

ELKS' CHARITY SHOW SUCCESS;
BIG CROWD IN ATTENDANCE

(Continued from page 1)

imported some harem beauty from the far east.

One of the high lights of the show was furnished by Dr. C. D. Smith, whose impersonation of "Lord Alfonso," a British nobleman was a masterpiece of acting.

"Canary Cottage," a duet by Mrs. Hendrix and Seth Ingram, was one of the best song specials in the evening's offering. Mr. Ingram has a fine voice, and his acting as the "bogus duke," in love with "Babs," was very clever.

Lisner a "Wizard"

Frank Findley was a black-face comedian. He provoked many laughs and drew applause when he sang "Sweet Indiana Home." Francis Lomax did many fine bits of acting in her part as a French maid, and also doubled for a lead part in the Italian dancing girl scene. T. P. Lisner, Jr. appeared as the "spook man," the "toung wizard," the Oriental lead and as the monkey in an Italian scene.

Dorothy Piper captured the audience by a solo and dance special, "Itta Ba Da." She also was seen in an Oriental scene as a dancer, and led in a beautiful "rose dance." Her work has wonderful finish and grace. An other attractive dance special was by Francis Murchison.

John Scott was the "comedy duke," playing opposite "Mitzi." One of the best comedy acts in the production was the "garden party gossip," in which a group of young matrons detailed bits of information about Vernon citizens. In this scene Nell Poxwell assisted the "wizard" to put a spell on the gossipers. Her dance caught the crowd's fancy.

Miss Birdie Hiatt led the chorus in the "vacation scene," and also favored the audience with a solo which carried the essence of springtime and flowers. She was very lovely in a number of scenes.

Miss Piper in Beautiful Role

Mayor Harry Mason, stately in evening dress, was a gracious host to the house party, while Mrs. Francis Piper playing opposite the mayor, was a picture of gracious dignity. Mrs. Piper also appeared in perhaps the most beautiful single scene in the play when she sang a solo as she stood in the "clock" dressed as an old fashioned girl. Buddy Greer gave an excellent rendition of "Everything's at Home Except Your Wife." Mrs. E. C. Christian was heard in a beautiful solo.

Lloyd Parker appeared in an Egyptian dance. Persons who did not know him thought Mrs. Young had secretly

o'clock tomorrow night), no matter where they may reside. All subscriptions placed in any postoffice ANYWHERE before TEN o'clock Saturday night will be counted in on the BIG vote schedule even though they do not reach the office of the Vernon Record till Monday or Tuesday.

And now for the finish.

The eyes of the whole county and surrounding country are upon the gains of the valiant workers—watch 'em go.

\$300

ONE OF THE CAPITAL PRIZES

BIG ANNUAL WASTE RESULTS FROM DESTRUCTION OF STRAW

The Southwest burns, or allows to go to waste, in the neighborhood of \$60,000,000 worth of straw every year; basing its value on the fertilizing elements only, and to say nothing of the enormous amount of vegetable matter lost.

Since nearly one-third of the virgin fertility of the soil in this region has already been lost and since it has been declining at a rate somewhat in excess of one-half per cent a year, no one interested in the future welfare of this territory can view such unnecessary losses without concern. The figures of course are not strictly accurate. Accurate figures cannot be obtained; but if anyone doubts that the fertility of the soil of the Southwest is being lost, at a rapid rate, he has only to go into the wheat belt about the time the wheat is jointing or in the boot, and compare the average field with one that has been just recently broken from the sod, or with the wheat along a recently broken out fence row. The most casual observer will not fail to note the better growth, the greener, the healthier color and later the better yield and quality of the wheat from the newer land.

Restoring the straw will not entirely

DR. C. D. SMITH

Osteopathic Physician

SUCCESSION TO

DR. H. T. STILL

Office Phone 67-129 S. Main St.

solve the problem, but it will remove one of the important leas, that have been responsible for the losses of fertility and humus. But it is neither an easy nor a simple matter to restore the straw, and, at the same time, secure enough better wheat to pay for the extra labor. The straw may even result in lower yields, if not judiciously applied. Where combine harvesters are used this problem is automatically solved in perhaps the best possible way.

No doubt the best practice, where a considerable quantity of straw is to be disposed of, is to use as much as possible for feed and bedding and set to it that all the manure is applied to the land. Probably the second best method is to apply it as a thin top dressing immediately after harvest and before plowing. In dry climates this may not be advisable because of leaving the ground to loose, but it is a satisfactory method where the summer rainfall is adequate and there is sufficient help to get it onto the land early.

Another and probably the most generally practical way is to apply the straw as a top dressing in the winter. It may be applied in this way to land intended for spring crops or as a top

dressing on growing wheat. In either case the application should be a light one: 1 to 1.5 tons per acre. Straw applied in this way greatly retards soil blowing and decreases winter killing, if the winter be a severe one. If applied too heavily, however, it will retard the growth of the wheat in the spring and result in decreased yields.

In Kansas, it has been estimated that the wheat straw stacks that are scattered and allowed to stand from year to year on wheat farms cover fully two acres, on an average, on each farm. This acreage covered with straw stacks represents lost use of thousands of acres of good wheat land, but it does not equal the loss in fertility represented if the stacks are burned.

As far as possible, wheat straw should be stacked in corrals or feed lots, where the feeding and trampling of the livestock will assist in the rotting. Straw that cannot be spread over the fields at once or cannot be handled in connection with feeding should be stacked on waste land and in places where it can remain until ready to haul out as manure.

—The Southwestern Wheat Improvement Association, H. M. Brainer, director.

PROGRESS BEING MADE ON STATUES FOR HEROIC ARCH

Austin, Tex., Nov. 30.—Good progress is being made by Pompeo Coppini, of Chicago, with the work of designing and executing the statues to ornament the memorial arch which is to be built at the main entrance of the campus of the University of Texas, according to President R. E. Vinson, who has recently returned to the University after a conference with Mr. Coppini.

According to Dr. Vinson, the clay models and plaster casts of four of the heroic statues have been completed.

These which have reached this stage toward final completion are of Woodrow Wilson, Robert E. Lee, Jefferson Davis, and Albert Sidney Johnston. Others still to be modelled in clay are of James S. Hogg and John H. Reagan. About six months time is required by Mr. Coppini to complete a statue in clay, and then while in Fort Worth.

after the plaster casts are made, each statue will be cast in bronze. The statues of Woodrow Wilson and Jefferson Davis which will be placed on the pillars of the gate are each nine feet in height. Each of the others will be eight feet high. There is still to be modelled and cast a central group of figures for the arch. Under the terms of the contract, the actual construction of the memorial arch is to be started in January, 1925, and it is expected that two years thereafter will be required to finish it. The cost of the memorial arch will be \$250,000, and it will be paid out of the sum donated for the purpose by the late Major General W. Littlefield, of Austin.

Olin Turner left yesterday for Fort Worth, on a business trip. Mr. Turner will inspect the broadcasting station of the Fort Worth Star-Telegram modelling a statue in clay, and then while in Fort Worth.

If Someone Gets Your Newspaper

before you are through with it, you are peeved.

Altho the life of a newspaper may be comparatively brief, it surely holds the center of the world's stage twice every 24 hours.

You may pay more for it every year than for any other publication—but it gives you more.

And the advertising in newspapers gets you and your family to invest more money than advertising in any other medium RIGHT?

Kramer Wins on Poultry

L. P. Kramer was awarded three first prizes, one sweepstake, and a second, third and fourth prize at the Byars poultry show last week. He exhibited a pen of his barred rocks, which have carried off many blue ribbons in this section of Texas. The sweepstake was on a young pen.

Fort Worth, Dec. 4.—Impetus for two worthy movements for the grandezz of West Texas was gained in resolutions recently adopted by the Lions Club of Fort Worth. One of these movements is the creation of a West Texas Agricultural college, and the other the early construction of the Fort Worth and West Texas railroad. Cato Sells, former Indian commissioner, delivered a vigorous address in favor of them.

Fair Plans Expansion Program

San Angelo, Dec. 4.—Tripping the capitalization, retention of the present expansion grounds, and enlargement of the program next year, these are some of the things decided on by the fair association in connection with the staging next year of the big San Ange

GREAT ROAD DEVELOPMENT IN WYOMING IN SEVEN YEARS

The last seven years have been a period of great road development in the state of Wyoming according to figures collected by the Bureau of Public Roads of the United States Department of Agriculture. From 1914 to 1921 the total road mileage increased from 14,797 to 45,528 miles. This is strong contrast to the majority of states, which has made great progress in road improvement, but without any appreciable change in mileage.

During the seven year period the mileage of improved roads has increased from 1,724 miles to 6,867 miles. The mileage of road is classified as follows:

Unimproved	30,573
Graded and drained	6,715
Gravel, chert, shale	413
Hard surfaced	27

In the State there is a total of 619 highway bridges.

An analysis of the figures collected by the bureau shows that there is one-half mile of road per square mile of area; that the annual road revenue is \$55.32 per square mile, \$116.25 per mile of road, and 27.82 per capita.

In 1921 the total road revenue, including Federal-aid funds, amounted to approximately \$5,408,000 and expenditures \$4,725,000. During the year 1,673 miles of improved road were completed in the state and considerable maintenance work done.

That Federal-aid is playing a considerable part in road advancement in this state is shown by the fact that on August 31, 474 miles of Federal-aid road has been completed, 421 miles were either under construction or approved for construction, and nearly \$800,000 was available for new projects.

The state system of over 3,000 miles of road to be built with Federal aid and which will form a part of the Federal-aid highway system will be definitely settled upon within a short time.

NEW VARIETY TAKING PLACE OF DISEASE-AFFECTED CANE

Five years ago the sugar plantation of Porto Rico were threatened with disaster because of the sudden appearance and the rapid spread of a serious disease, known as yellow stripe or mosaic disease, and the planters appealed to the United States Department of Agriculture for help. Investigators sent to the island by the Bureau of Plant Industry to cooperate with the insular and Federal experiment stations there soon discovered that a variety of cane known as Kavangire, then being grown only in experimental plots, seemed to be immune to the disease, which was attacking practically every other variety grown in Porto Rico.

Kavangire cane is grown commercially in the Argentine, and through the effective cooperation of the director of the Tucuman Agricultural Experiment Station the department made arrangements for an immediate shipment of 5 tons of seed cane of that variety to Porto Rico. The cane was packed in charcoal in barrels and shipped about the middle of July, 1919, arriving on the island early in September. This is probably the longest haul of seed cane in large quantity ever made.

The immune cane was grown by the Federal and insular experiment stations for the purpose of increasing the quantity of seed cane. Later this was distributed to each of the centers on the island, and a recent report shows that it has been giving very good results. One of the stations has 300 acres of Kavangire this year and is planning to increase to 1,000 next year. Another has 200 acres in one valley and considerable plantings in other districts. About half of the cane acreage in this locality is now out of cane because of the mosaic disease and only the new variety will be planted hereafter.

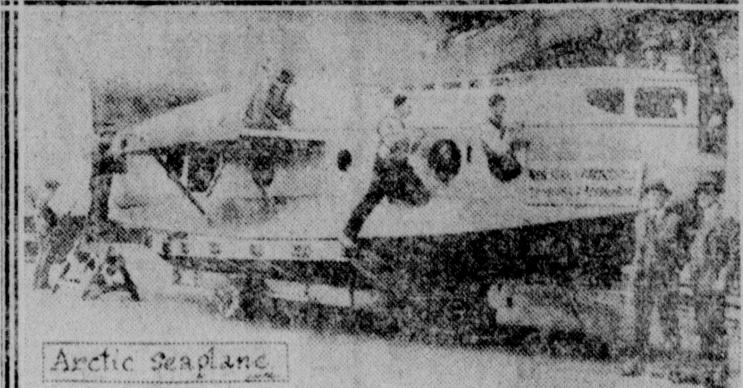

One grower of the immune variety reports yields of from 40 to 50 tons an acre, with a sucrose content of 16 to 17 per cent. Another planter says he sold 2 acres of this variety for seed receiving \$500 for the standing cane.

WEATHER BUREAU WORKS WITH OTHER FEDERAL DEPARTMENTS

The Weather Bureau of the United States Department of Agriculture cooperates with other Federal departments in many ways, thus avoiding duplication of activity in different bureaus. Its Marine Division, for example, collects reports from ships at sea and prepares charts of the weather in various waters for the use of pilots; these charts are printed, together with other information of value to ship captains, by the Hydrographic Office of the Navy Department.

Its aerological investigations supply information of a practical nature to Artillery, aviation, and other interests concerned with conditions in the upper air. In studies of wind velocities the Weather Bureau works cooperatively with the Bureau of standards, which has several wind tunnels for this purpose. Recently arrangements have been made whereby the Weather Bureau will send a representa-

WILBARGER COUNTY NEWS

PARSLEY HILL

Parsley Hill, Dec. 7.—This community was visited by a light rain Wednesday.

A. J. Moore and children, Emerson, Ross and Johnson, returned to their home last Friday after spending two weeks in Childress.

Mr. and Mrs. A. J. Moore and children entertained the following guests last Sunday: Mr. and Mrs. R. Cantrell and sons, Clarence, Willie and Ray; Mrs. J. B. Box and children, Mr. and Mrs. McNabb and children, Mr. and Mrs. Max Gaber and children, Mrs. Frank Cheate and sons, Eugene and Donald, Frank Thomas, Miss Mamie Church and Harry and Bons Church, Otto and Paul Drogik and Arthur Moore, of Vernon.

Mr. and Mrs. John Haggard and children visited Mr. and Mrs. Gibb Church, of Lockett, Sunday.

Miss Daule Wright of Vernon visited her grand parents, Mr. and Mrs. R. F. Box, last week.

There was singing at Parsley Hill Sunday night with Mr. Wess, of Oklahoma as leader.

Miss Thelma Causey, who is staying in Vernon and attending school, visited her parents, Mr. and Mrs. J. D. Causey, Saturday night and Sunday.

The pie supper at Parsley Hill was well attended. Forty dollars was made up. The money went to purchase basket ball equipment.

A. J. Moore and sons, Emerson, Connie and Johnson, and Nix Wood left Monday for Childress, where they will spend a few days.

The ladies of this community met at the school house Tuesday afternoon and arranged a Christmas program.

J. B. Box and R. R. Cantrell made a business trip to Vernon Wednesday.

Mr. Woodward made a business trip to Vernon Wednesday.

Riley Moore, of Vernon, visited his cousin, Connie Moore, last Thursday.

C. Drogik and daughter, Miss Hattie, visited Mr. and Mrs. R. Graff Sunday.

FARGO

Fargo, Dec. 7.—Several people in this community are killing hogs.

Delbert Webb, of Vernon, and Miss May Crisp, of this community, were united in marriage Sunday afternoon at 2:30 at the home of the bride, Rev. F. D. Pearson, pastor of the Baptist church. After the ceremony a big dinner was served. Mr. and Mrs. George Goins, Mr. and Mrs. R. E. Owen, Mr. and Mrs. D. J. Wilhelm and family were present. The bride was reared in this community. She attended Fargo school until 1920 when she entered Holcomb training school, finishing there in 1921, after which she taught in the training school the past summer. Mr. Webb is a resident of Vernon.

Rev. F. D. Pearson filled his regular appointment Saturday and Sunday at the Baptist church. There was a large crowd present Sunday morning and evening.

Mrs. Tharp, who has been visiting her daughter, Mrs. Lee Parker, will leave for Arkansas next week to make her home.

Mr. and Mrs. Connie Olive and Carl Olive, who have been visiting in Bowie county the past two weeks, returned home Tuesday.

Mr. and Mrs. Jeff Cook have moved to Lockett.

Mr. and Mrs. George Goins entertained with a social Friday evening.

J. R. McClain is seriously ill.

Bernie Richards, who was shot in a serenading party in September and has been in a hospital in Vernon since was able to come home last week.

HINDS

Hinds, Nov. 7.—Mr. and Mrs. J. W. Johnson returned last Wednesday from Mineral Wells, where they had been the past four weeks in the hope of benefiting Mr. Johnson's health. His condition is improving.

Ernest and Truman Willis, of Wichita Falls, were guests of J. R. Caldwell and family last weekend.

Jewell and Maureta Tipon, of Davidson, Okla., spent last week with their aunt, Mrs. Clyde Muller.

Powell King, who has been working at Electra, is at home on a visit.

Miss Laura Wilhelm spent the past weekend with home-folks at Fargo.

GAL FIFTEEN COR. 6 6 6

Mr. and Mrs. Fred Limer of Williamson county, are visiting his sister, Mrs. A. J. Wendland.

Mr. and Mrs. A. D. Anderson and family, and Miss Wilma Howard were guests of Mr. and Mrs. C. A. Muller Sunday.

Mrs. Lucy Clopton, who had her tonsils removed last Saturday, is getting along nicely.

J. T. Barber and family left last Thursday for Seagraves, where they will make their new home.

Miss Clara Wendland, of Vernon, was a guest of Miss Vivian Lane Sun-

day.

Mr. and Mrs. Jim McCaleb and grandson, Bill, of Vernon, visited S. B. Hughes and family Sunday.

Arthur Cone and Franse Helter, of Lubbock are visiting the former's uncle, J. R. Holland.

Gene Sitz and Miss Gertrude Barber were married last week. They will make their home in this community.

A large crowd enjoyed a singing at Claude Muller's Sunday afternoon.

Misses Doris and Blanche Attaway of Fargo, spent last weekend with Misses Jessie and Inez Holland.

Miss Nell Hughes, of Vernon, visited home folks Sunday.

Mr. and Mrs. S. K. Castleberry and family, Mr. and Mrs. Olin Barrett, and Ben Smithson spent Sunday with Mr. and Mrs. R. B. Barrett.

Clyde Muller left Monday for Davidson, Okla., where he was to join a hunting party.

Henry Hays, who is working at Electra, visited his parents Sunday.

Mrs. Clyde Muller and children are visiting her mother at Davidson.

Among those that attended the Workers' Conference at Fargo last week were Mr. and Mrs. Joe Bolton, Mr. and Mrs. C. H. Sasteberry, Mrs. Otho Hardage and T. H. Duke.

Lester Garrett, of Kincheloe, was a visitor in this community Thursday.

THALIA

Thalia, Dec. 7.—Rev. Frank McNeil filled his regular appointment at the Baptist church here Saturday night, Sunday and Sunday night. He will preach again next Saturday night, Sunday and Sunday night.

Mr. and Mrs. Jim Bannister, of the Lockett community, visited relatives here Sunday. They were driving a new car.

A large crowd attended the party at Capp Wheeler's Friday night.

Mr. and Mrs. J. E. Dockery spent Thanksgiving with home folks at Telbert.

Joe Huntley and family, of Vernon, visited Mrs. Huntley's parents, Mr. and Mrs. W. H. Short Sunday.

Wallace Seales is the owner of a new car.

Vinson Elkins returned to his home at Electra Sunday, after a few days' visit in the Will Wood home. He was accompanied to Vernon by Mr.

and Mrs. Wood and daughters, Misses Minnie and Annie.

Wood Roberts made a business trip to Vernon Monday. He was accompanied by his nephew, Claude Roberts, who is attending school there.

The small son of Mr. and Mrs. H. W. Bannister is suffering from fever.

Will Shultz and family, of Vernon, visited relatives here Sunday.

B. Wisdom, J. K. Langley, Wade Odle and Truett Neill were business visitors in Crowell Monday.

Roy Awbrey, who is attending school at Crowell, spent the weekend with home folks here.

Dr. Kincaid, of Crowell, was called to see Mr. Kennedy Monday night. The latter is suffering from rheumatism.

Elmer Roberts and family, of Vernon, visited Mrs. Roberts' parents, Mr. and Mrs. T. A. Johnson, Saturday night and Sunday.

Miss Jewell Cato, who is teaching school at Black, spent the weekend with her parents here.

A fine baby girl was born to Mr. and Mrs. R. C. Huntley Nov. 30.

The boys of Thalia and Crowell basket ball teams played a game here Friday afternoon. The score was 18 to 24 in Crowell's favor.

Miss Viola Wheeler of Lamesa, Tex., has been visiting in the home of C. C. Wheeler, Melvin Rückman, C. B. Fox and Eric Wheeler the past week.

Lee Shultz, who has been traveling since July with a show, returned Sunday with his family to send his children to school here.

Mr. and Mrs. Fred Brown went to Stamford Thursday to visit the latter's father, W. D. Burress, and sister, Mrs. Will Jones. Fred returned Friday and Mrs. Brown came home Sunday.

Mrs. Braswell, of the Kincheloe community, is spending this week with her daughter, Mrs. R. C. Huntley, of this place.

Herbert Edwards and Clarence Self of Crowell, were transacting business here Tuesday.

Mr. and Mrs. Mahn Braswell and Mr. and Mrs. Cooper, of Vernon, were visitors in the Robert Huntley home Monday.

ALL OVER THE WORLD

TOYS FROM LAND OF MIDNIGHT SUN HERE

OFFERINGS IN STORE WINDOWS DELIGHT HEARTS OF THE CHILDREN

In the show windows is a brave display of Yuletide gifts, nowadays, while the parcels post clerks at the post office are wondering how to make room for the steadily increasing cargoes of packages, and in the hearts of small boys and girls is a realization that Christmas is almost at hand.

This Christmas will be the most joyous since before the war, according to the belief of Vernon merchants who were interviewed yesterday. For one thing, the shadow of the world war is farther away and the country is in a more normal frame of mind than it has been since the war closed.

Again, crops in Wylieberg county have been good and the economy which was made necessary by the post-war period has enabled people to save money. Some of this will be spent during the holidays.

Offerings in the stores this year are marked by improved quality over the usual Christmas goods. Merchants explain this by the fact that most of the toys distributed in America this fall, were made in America, where the tendency is to substantial construction. Again, they say, the whole drift of toyland manufacturers is toward more durable articles, at an increased price.

Among the toys which will delight the hearts of little girls are the 1923 model dolls which cry when you lay them down; wicker doll buggies, almost large enough to carry "little brother" in comfort; and little cribs where dolls may slumber undisturbed through the night.

Small boys can find fairylands of desirable gifts in the shops. There are the sporty racing model automobiles, for instance, some of them equipped with all sorts of accessories; new styles of air guns, and many other things which are essentials in the view of the men of tomorrow.

Father and mother and big brother and the girls are not neglected in the Christmas offerings, which are arriving daily in large quantities.

While the largest portion of Christmas toys in stock here were made in the states, some bear the trademark of far-away Japan. They may have been fashioned by almond eyed Nippon boys and girls, working in straw hats beside a rippling stream, and brought to this country in a ship which floated the banner of the rising sun.

A few toys are of Norwegian manufacture. Perhaps they were made by candle light, in a humble cottage situated on a land-locked fjord, where the summer season is brief and the winter season is lit by the pale glow of the midnight sun. They may be couriers, carrying a history which is more interesting than any of the clever things they can do.

Notice to Public

Notice is hereby given that my place eight and one-half miles northeast of Vernon and known as the D. Magness place, being section 43, block 12, of the H. & T. C. Ry. Co's surveys in Wylieberg county, Texas, is posted. Anyone caught hunting on these premises will be prosecuted according to law.

SCOTTO'S WIFE TO SUE MUZIO.

Claudia Muzio & Ottavio Scotto.

When Ottavio Scotto, impresario of the Chicago Opera Company, returned to America on the same ship as Mlle. Claudia Muzio, soprano of the same company, his wife, Mme. Carmelina Scotto, announced that she had instructed her attorneys to sue Mlle. Muzio for \$125,000 for alleged alienation of affections and also to sue for separation from her husband. Mme. Scotto makes no charges against Mlle. Muzio's enviable reputation.

BIG DIRT RESERVOIR BEING CONSTRUCTED

EARTH AND CONCRETE DAMS WILL HOLD WATER FROM HILLSIDE SPRINGS

A reservoir 1,000 feet long, 650 feet wide at one end, and running to a wedge at the other end, and with an average depth of six or seven feet, is being constructed by the city at its tract of land near Condon Springs. Four "fresenoes" are being employed in the work, and others may be added later.

Partial construction of the big dirt reservoir, which will have a capacity estimated at 12,000,000 to 15,000,000 gallons has been undertaken as the first move in development of an additional water supply. The reason for this is found in the fact that the land must be drained and an outlet for the water provided before work on the concrete reservoirs can be well started.

The dirt holding tank, water from which will be used only in case of emergency, will form one link in the system. The concrete reservoirs, which will be constructed on the sloping hillside, will form the second link. They will be built by sections and it is the intention of city officials to get them as far into the ground as possible.

Filling The Reservoir

Mayor Harry Mason, who visited the site of the lake Saturday in company with a Record representative, estimates that even at the present rate of flow, the springs on the hillside will fill a 400,000 gallon concrete storage depot in three or four days.

Water from three excavations in the hillside is flowing into the shallow tank which has been fed for years by the springs. One excavation has been enclosed to form a "well," with small holes at intervals around the base to let the water in. Another has been dug out for some distance up the hill side, and a partial casing of lumber put in the drain ditch to prevent caving of the soil. The third has merely been excavated to the water sand and left.

Making a liberal allowance for evaporation and seepage, it will take five months to fill the earthen reservoir, at the present rate of flow, according to Mayor Mason's estimate. This rate can be greatly increased by the digging of additional "wells."

An island will be thrown up in the center of the lake, the mayor said, and trees and grass started. It is the intention of the city eventually to beautify the lake and form a park there, it was stated.

Natural Advantages

A high ridge of land which runs almost along the city's property line, parallel with the Denver railroad, will greatly reduce the cost of making the lake. The hillside, which will form one side of the triangle, further simplifies the problem. The land is soft and easily worked by scraper and this will lessen the cost.

Overflow water from the concrete tanks will go into the lake. The overflow from this lake will go under the railroad trestle.

Completion of the system will give Vernon the best water supply of any city its size in Texas, the mayor declared. Water from the hillside will be in the city mains before hot weather, under the program of construction now being worked out.

Notice

All my land is posted and anyone found hunting with dogs or guns on same will be prosecuted to the full extent of the law.

NEW FACES IN HALLS OF CONGRESS.

Many new faces were seen at the opening of the special session of the Congress. Senator Thomas F. Bayard took his seat from Delaware. Senator Smith W. Brookhart was sworn in from Iowa and Senator W. F. George from Georgia, succeeding Senator Mrs. W. H. Felton, who sat for a day as the only woman ever in that body. Senator David S. Reed, of Pennsylvania, who was sworn in shortly before the close of the last Congress, was also on hand. Mrs. Winifred Mason Huck, of Chicago, succeeded her deceased father as Congress man-at-large Illinois.

COTTON BUYERS ENJOYING LEISURE AFTER FALL RUSH

Vernon cotton buyers are enjoying leisure times, after one of the busiest seasons experienced here in recent years. Some of the out-of-town cotton men already have left for their homes. A small portion of the cotton crop remains to be picked, in several communities, and farmers are holding some cotton which will be put on the market this fall.

Among the firms buying cotton in Vernon this year are Bennett & Long, Scott & Griffith, Antle Bros., Walker Beane, M. G. Neatherly & Co., L. C. Eakle, G. L. Barrie & Son, J. B. Love, Sneed & Bridges, Welch Bros., Bert Lisman, R. P. Webb, the L. O. Blant, Cotton Co., M. F. Jones Cotton Co., Bell Bros., and the M. L. Kelly Cotton Co.

Mr. Weatherall has been assisted this year by Paul Castleberry, and Scott & Griffith by Buck White. Roy Bent has bought for Antle Bros.

Joe Hart has been associated with Walker Beane and Peck Hall with M. G. Neatherly. M. A. Flory has represented G. L. Barry & Sons, a Bowie, Tex., firm. E. E. Luttrell working for J. B. Love. Joe Corsey is representing the Blanton company, which has headquarters at Gainesville. Joe Lyle is the representative of the M. F. Jones company, which is a Lawton, Okla., concern. W. A. Carter is looking after the interests of Bell Bros., whose headquarters are in Dallas. Roy Reeves is local representative of the Kelly company, which has headquarters in Memphis, Tex.

Washington, Dec. 4.—The cropweather of North America for 1923 will average much less favorable than that of 1922; the good and bad will not be located as 1922, because the moisture will not come from the same ocean and therefore the same rules about sea-level and elevated lands cannot be applied for the two years. In some seasons the moisture floats high and best crops are above the 1200 foot level.

Two of these long-term subscriptions would count 570,000

Three would count \$85,000 votes; six would count 1,710,000

any other combination of long-term subscriptions will pile up votes on "double quick" if secured by next Saturday night at ten. It can be readily seen that these "clubs" count up mighty fast and will be of inestimable value in winning the biggest of the prizes which mean about \$1,185 or \$1,385 to the winners.

other seasons it floats low, and the best crops are below 1200 feet. When the moisture comes from the gulf stream the summers and winters are warmer; when it comes from far northern oceans they are colder. Local forecasts follow:

Section 1: North of 47, between 96 and Rockies' crest; lowest temperatures 9 and 16, highest 13 and 20; average near normal; not much moisture 9 to 20.

Section 2: North of 47, east of 90; highest temperatures 10 and 16, lowest 13 and 19; average near normal; not much precipitation between 10 and 19.

Dry Spell Is Coming

Section 3: Between 39 and 47, between 90 and Rockies' crest; lowest temperatures 11 and 18, highest 15 and 22; average near normal; not much moisture 9 to 18.

Section 4: East of 90, between latitudes 39 and 47; highest temperatures 9 and 15, lowest 12 and 19; average warmer than usual; not much moisture 9 to 19.

Section 5: South of 39, between 90 and Rockies' crest; highest temperatures 9 and 16, lowest 12 and 19; average near normal; not much moisture 9 to 19.

Section 6: South of 39, east of 90; highest temperatures 9 and 14, highest 11 and 18; average near normal; not much moisture 9 to 18.

Section 7: North of 43 1/2, west of Rockies' crest; lowest temperatures 9 and 16, highest 13 and 20; average warmer than usual; not much moisture 9 to 20.

Section 8: South of 43 1/2 to Mexican

time, west of Rockies' crest; lowest temperatures 9 and 16, highest 13 and 20; average near normal; not much moisture 9 to 20.

Fierce Conflict of Forces

The conflicts of forces that operate the machinery of the solar system are eternal and fierce; it is not a harmonious family, like the human race, it is divided into groups that war on each other, and these wars are brought to our notice, sometimes by unpleasant methods, in our storms and other weather features. It is significantly strange that Homer's writings bring out the dispositions of planets toward each other. This may be noted in the coming January weather. Saturn will attack earth Jan. 11, and Homer's overlord interferes; that racket in the family will reach our ears through a bad spell of weather. Then, Jan. 17, Uranus, to which Homer applied an other name, picks a quarrel with Venus, queen of the skies, daughter of the premier of the heavenly host and messenger of peace, between the overlord and the contending armies of Troy Uranus is very powerful, and before the peace messenger can stop him we will get many a whiny blast as a result of the fierceness of that great family of the milky way.

A GENTLE HINT

"SPOON LUNCHEON" SERVED ROTARIANS

MEMBERS REQUIRED TO MAKE ONE MINUTE TALKS; FIVE ARE ASSESSED FINES.

One of the most enjoyable programs in the history of the Vernon Rotary club was enjoyed at the weekly meeting and luncheon Tuesday at noon. The program committee, numbering A. C. Raynor, Barney Williams and E. C. Christian had sent each member a notice that he was on the reception committee and would be expected to arrive early to greet other guests. As a result every one arrived early and all were wearing reception committee badges.

A "spoon luncheon" was served, no knives or forks being at the table. Beside each plate was a sealed envelope and guests were instructed not to open these until told to do so by the president.

On being asked to open his envelope, each guest found a printed slip containing a subject for a talk. The requirement was that each member talk extemporaneously for at least a minute on the subject assigned him, on a penalty of a 50 cent fine.

The subjects were novel and the treatment often very humorous. Five members paid fines rather than make one minute talks.

Dr. Robert E. Dickenson, pastor of the First Methodist church, was a guest. He made a brief address.

Attendance percentage at the meeting was 89.66.

The following is a list of the subjects and names of the speakers who took part in the program:

"Why and how I came to select Vernon as a location for my profession"—Bob Babasin.

How can the Rotary club best serve Vernon in 1923?—Owen Brunson.

What good if any, have you gotten from your membership in this club?—Andy Bourland.

Tell us the most amusing thing you ever saw provided there is no reference to sheep made—Dick Coffey.

Is a membership in the Rotary Club worth the cost and why?—Barton Flaniken.

What do you regard as the most thrilling experience of your young life and why?—Bob Ferrell.

When an irresistible force comes in direct contact with a movable body, what is the result?—E. L. Dohoney.

What is the meaning of the word Rotary?—Tom King.

Do you think you could sing better with musical accompaniment? If so, what kind?—Neelham Stokes.

Does this program and lunch suit you and if not what's wrong—Hub Colley.

Do you put in as much as you get out of Rotary? If not, why not?—Charley Ladd.

Do you think more singing would benefit the club?—Joe Summer.

What kind of a club would this club be if every member were just like me?—Cly Swartwood.

Does it pay to adopt the Golden Rule in business? If so, how?—Will Lane.

How can you tell to whom it is a good business policy to extend credit?—Cly Long.

How can a parent best control, support and educate the modern day boy or girl? Speak from experience—Ed Haney.

What benefit, if any, do the people derive from your business?—Myatt Naper.

To what specific work can the individual Rotarian best supply himself for the best interest of this community?—Emory Rhoads.

Tell us your main talking point, if any, in your insurance work besides your 25 per. Luther Webb.

What, if any, has been your greatest

WORLD'S GREATEST RAILWAY TUNNEL NEARS COMPLETION.

Top: Breig Entrance
Below at left: In Simplon Tunnel
At right: Hydraulic Pressure

The great Simplon Tunnel under the Alps, connecting Switzerland and Italy, on which work was begun twenty years ago, is nearing completion. It is one of the greatest engineering feats ever attempted, running twelve and one-half miles long, 10,000 feet under the top of the Alps. The tunnel reaches from Breig, Switzerland, to Iselle, Italy. Instead of a double-track bore two single-track excavations have been made, sixty feet apart. The boring was done with hydraulic pressure.

Achievement in life and who knows about it?—Bill Bailey.

What is the purpose of Rotary? Tom Shive.

Have you learned how to buy on the market and sell on the high market? If not why not?—Roy Antle.

What is the motto of Rotary—Arthur Vernon.

How can our club best furnish good cheer and Santa Claus for the poor children in Vernon?—Marshall Underwood.

RED RIVER

By Special Correspondent.

Red River, Dec. 7.—There will be a pie supper at the Pleasant Valley Methodist church Friday night. Everybody is invited to attend.

A league social was held at T. A. Hamilton's Thursday night. Many young people attended.

Mrs. Norm Cook has been ill the past few days.

Miss Myrtle Cook was absent from school the latter part of the week on account of illness in their family.

Tommie Killough was ill Monday.

BROWN

By Special Correspondent.

Brown, Dec. 7.—Several in this community killed hogs Tuesday.

Mr. and Mrs. W. W. Woods of Doans spent Saturday night and Sunday with their parents, Mr. and Mrs. Joe Bowers.

Mrs. O. S. Raper and children visited Mrs. S. M. James Sunday.

Mr. and Mrs. E. B. Gilchrist and family and Mr. and Mrs. L. L. Bass spent Sunday with Mr. and Mrs. J. F. Wheeler.

Those from this community in Vernon Monday were W. C. Winslett, Mr. and Mrs. W. A. Hammons, John Likely, Mr. and Mrs. J. H. Hammons and Mr. and Mrs. Andy Paschal.

Mr. and Mrs. F. C. Mints and family of Talmage visited Mr. and Mrs. John Likely Sunday.

Rev. J. W. Oller will preach here Sunday. He preaches every second Sunday.

Mr. and Mrs. J. A. Likely, of Electra, spent Saturday night and Sunday with their parents, Mr. and Mrs. John Likely.

Several from Union attended the fruit supper given by Mr. and Mrs. W. C. Winslett Saturday night.

FARMERS VALLEY

By Special Correspondent.

Farmers Valley, Dec. 7.—G. G. Smith filled his first appointment of the conference year here Sunday. Everyone enjoyed the sermon.

Mr. and Mrs. Newell Frost and little daughters, Lois and Faye, of Tyro, Okla., are visiting his parents, Mr. and Mrs. T. C. Frost, of this community.

Singing at the church Sunday afternoon was well attended.

Will Alexander who made a business trip to Oklahoma last week has returned home.

Several from this community attended the ball games between Tolbert and White City at Tolbert Thursday afternoon.

Mr. Coburn, of Tolbert, has moved to the S. E. Swin farm.

Leo Castleberry, of Vernon, spent the week-end with his sister, Mrs. J. B. Rea.

Will Alderson has moved to Tolbert. Carl Belk, of Chillicothe, is visiting his grandparents, Mr. and Mrs. Jim Locke, this week.

Mrs. N. E. Harris was a business visitor in Vernon Saturday.

Mr. and Mrs. Eulys McKenzie, of Medicine Mound, spent Saturday night and Sunday with her parents, Mr. and Mrs. Edd Rushing.

Mrs. T. C. Frost attended the Home Demonstration Club meeting Monday in the home of Mrs. Rudolph Hoffman of Lockett.

A number from this community attended a box supper at Tolbert Thursday night.

tended a box supper at Tolbert Thursday night.

Miss Monette Brooks spent Thanksgiving in Clarendon, visiting her brother, Dawse Brooks, who is attending school there.

Grady and Miss Ora Phillips entertained a number of friends Monday night. Those present were Misses Lorene Rushing, Selma Simpkins, Ruby Bell, Bertha, Pearl and Birdie Hardage, and Erma and Lois Frost, and Messrs. Bruce Norel, Carl Cobb, Dale and Esl Baldwin, Tom Bell, Miller Simpkins, Burley and Frank Locke, Garfield Allen, Dewey Brock and Elton McAdams. Miss Velma and Lige Cook of Prairie View were there also.

R. R. Brooks has been ill but is able to be around now.

A great number from this community attended the funeral services of

"AT YOUR SERVICE"

Do You Want An Electric Iron, or Would You Prefer an Electric Toaster For Christmas?

Well, you may have either—absolutely free. Read the following:

We are offering an Electric Iron free to the party who will furnish us with the best slogan for VERNON and an Electric Toaster to the one who gives us the best descriptive information of Wilbarger county and Vernon.

The slogan for Vernon should not contain more than 7 words, while the descriptive information is restricted to 75 words.

INSTRUCTIONS

Any boy, girl, man or lady residing in the city or county is eligible. Your copy must be placed in an envelope, sealed and mailed to the "Slogan Committee" in care of the Vernon Electric and Ice Co., Vernon, Texas. The slogan committee only are permitted to unseal the envelopes. This committee will be chosen from the ministers of the county.

VERNON ELECTRIC AND ICE CO.

James Gardner Rossman, Manager

Gus Davis, held at Tolbert Wednesday afternoon.

C. C. Cobb made a business trip to Vernon Saturday.

Mr. and Mrs. J. C. Rea have moved closer to the Weis Chapel school. Mrs. Rea is the principal there.

Tom Wildman, Harvey Lawlis, and Vance Swinburn of Tolbert attended singing here Sunday afternoon.

ART EXHIBIT TO BE SHOWN AT CENTRAL SCHOOL SOON

More than 100 excellent prints of masterpieces of famous artists will be shown at an art exhibit at the Central school building Dec. 11 and 12, under the auspices of the Vernon Parent-Teachers' association. It was announced today. School children will be given an opportunity to view the pictures from 2:30 to 4:30 p. m. each day, while the public is invited to see the exhibit from 4:30 to 5:30 p. m. Tickets will be sold at 15 cents each, and the proceeds used to purchase pictures for the school rooms.

The exhibit has attracted very favorable comment at cities in Texas where it has been shown recently.

Rattlesnake Bounty Proposed

Buffalo Gap, Dec. 4.—Interest here attaches to the plan of towns and stockmen for the introduction at the next session of the legislature of a bill providing for a bounty of from 25 to 30¢ on each rattlesnake killed. A great economic loss is annually sustained in West Texas, not to speak of scores of deaths ascribed to this venomous serpent. Should the bounty feature be embraced in the measure of trapping will take on a more alluring prospect. In West Texas there are hundreds of dens of rattlers, many of which are annually dynamited and hundreds of reptiles destroyed.

VOLUME 14.

End of Record's Great Battle Is Almost Here

Saturday Is Last Chance To Win Big Votes; and Then Just Seven Days Remain Before Close

"Seven more days." These three words have a potent meaning when we consider the importance of the result of the Vernon Record's big automobile and gold campaign, which is now nearing a conclusion.

The last of the big votes will undoubtedly be the deciding factor in determining the winners of the splendid array of prizes which has dazzled the eyes of the entire community by their exceptional value in this famous campaign.

Who Is Your Favorite?

For more than seven weeks the contestants have been engaged in accumulating votes, and during this time the Vernon Record's big automobile campaign has gained fame that is widespread. This is the most liberal prize-winning event ever inaugurated in this section of the state.

The efforts and diligence of the past few weeks will be crowned with an avalanche of votes that will be a surprise to thousands of people in this section of the state. This is the time for candidates to hurl themselves with vim and vigor into the fray.

The Vernon Record is justly proud of the list of contestants that are competing with might and main in this exciting "battle of ballots" for the biggest stakes ever offered in West Texas newspaperdom—it seems that each community in the city and county has chosen its brightest and most energetic leader for its representative and these favorites are well fulfilling the expectations of their hundreds of friends and supporters in their respective communities.

The race as the finish of the big "third period" approaches, is truly a neck and neck affair. No one candidate has any material advantage over the remainder at present and the amount of subscriptions that each is able to turn in before Saturday night may tell the tale.

Now for the Finish

And now for the whirlwind finish. Now for sensations and surprises. These are the days that will test the resourcefulness of the candidates. Here is where their courage upholds them and makes them fight, or the lack of it takes the stiffness out of their knees and leaves them trailing in the dust—an "also ran." Sometimes too, supreme courage urges them on when they tire and that is the GREATEST FIGHT OF ALL.

Votes will pile up rapidly during the next few days. The LIVEST part of the competition is now at hand; and while all the leaders are on the same footing, at the same time, those who want to—and will—afford the opportunity to forge ahead and corral the winning votes.

From now on until the finish is the time when 100 per cent efficiency counts.

Attention Candidates

The special attention of out of town candidates is again called to the arrangement that has been made which affords every worker the advantage of securing subscriptions right up till the last moment of the "third period" (10

(Continued on page 6)

Better Price for Reactors

A check on the reacting cattle sold on the Buffalo market shows that the efforts of the Packers and Stockyards Administration and the Bureau of Animal Industry of the United States Department of Agriculture have been securing better treatments for persons who have cattle of this class to sell.

Records from June 1 to September 25 show that on a total of 542 head of unberouled cattle the gross price paid per head was \$22.17, less expense of \$3.84, making a net price of \$18.33 per head. In the past, records had been kept on 4,500 head and the average price paid was only \$14.50. Few buyers are now taking advantage of the farmer who is trying to clean up his herd. Many of them find that they can afford to pay as much for reactors that are not condemned as is unfit for food as they can pay for untested cattle of the same kind and quality.

Improve South Side Buildings

W. H. Evans, retired banker and realty holder, is repairing his buildings on the south side of the square. Metal ceilings, awnings and repainting of the interior and front will probably be completed this week, according to Mr. Evans.

Stroke Of Ten Will Close Third Period; Mailing Is Allowed

The "Third Period" of the big race ends at 10 p.m. sharp, tomorrow (Saturday) night.

Never again will subscriptions count for as many votes.

Those contestants in the Vernon Record office by 10 o'clock will be waited upon and permitted to turn in their subscriptions on the big vote schedule, but positively no one will be permitted to enter the office after 10 for the purpose of entering a subscription or subscription on the present vote schedule.

All contestants may take advantage of the usual mailing privilege—that is, all subscriptions mailed in any postoffice anywhere before 10 tomorrow night will receive the benefit of the present big vote schedule, even though they do not reach Vernon Record office till Monday or Tuesday.

PROGRESS SHOWN IN FARM REPORT

RESUME OF YEAR'S ACTIVITIES IS PREPARED BY P. D. CHANEY

Progress along all lines of agricultural and stock raising endeavor in Wilbarger county is shown in the annual report of P. D. Chaney, county farm agent, covering activities during the fiscal year ending Dec. 1. The report, which covers about 50 typewritten pages, has been forwarded to the district agent at A. & M. and will forward the copy to the United States department of agriculture. Material in the reports from each county farm agent is used by A. & M. college in many of its bulletins.

In addition to detailed figures on experiments conducted with the aid of farmers, in raising alfalfa and other forage crops, potatoes and staple farm crops, the information submitted by Mr. Chaney includes many items dealing with his work in a general way. Nineteen hundred and forty-six visits were made by Mr. Chaney to pig and agricultural club members, and to farmers, during the year. Mileage on these trips totalled 9,404 miles. About 3,650 calls were made at Mr. Chaney's office and home on business connected with his work, while 730 telephone calls were listed during the 12 months. The farm agent spent 72 days in correspondence and other work at his office, the report shows. More than 800 letters were sent out, and three circular letters were prepared and distributed, total of 1,286 copies being mailed. Eighteen articles were prepared for publication in local newspapers. Thirty-six visits were made to schools of the county, in connection with agricultural work.

Thirty two boys' and girls' club members had exhibits at the county fair and 15 prizes were awarded, it is stated. Total profits made this year by club boys in raising peanuts, green sorghum, sweet potatoes, wheat, oats and other crops, and through pig and baby beef club operations totalled \$1,351.65.

Mr. Chaney's report covers organization of the Wilbarger county livestock association, in which he assisted. Twenty-five specialists from A. & M. college and from the United States department of agriculture visited Wilbarger county during the 12 months.

Odd Fellows Plan "Homecoming"
Next Monday night is "Home Coming" night at the hall of Vernon Lodge Number 333, I. O. O. F. as it is at all other lodges of the order in Texas. A. Carney, local secretary, announces, C. A. Wheeler, grand master of the I. O. O. F. of Texas, has issued a proclamation asking that all members in the state attend meetings at their lodges Monday night. Matters of special interest will come before the Vernon lodge.

Improve South Side Buildings
W. H. Evans, retired banker and realty holder, is repairing his buildings on the south side of the square. Metal ceilings, awnings and repainting of the interior and front will probably be completed this week, according to Mr. Evans.

NEW YORK HAS FIRST WOMAN AUCTIONEER

Miss Lillian Lagonarsino is the first woman auctioneer in New York City. She has been granted a license by the Commissioner of Accounts, who asserts that candidates for licenses must prove possession of a natural adaptability for the position.

TRAP FOUR WOLVES FLAMES DESTROY IN SINGLE NIGHT NEW NEGRO CHURCH

PIONEER SETTLER SAYS ANT ELOPE MEAT IS BEST HE HAS EVER TASTED

If he could get the same results on a big scale as he accomplished in a single instance, J. W. Oller, farmer and ranchman residing 20 miles south of town on the Vernon-Seymour road, could afford to go out and shoot all his cattle.

Mr. Oller and R. H. Whatley set some traps near the carcass of an animal which had died. On two successive mornings they caught a coyote and on the third morning they caught four coyotes, they stated yesterday while in Vernon. According to the ranchman, wolfhounds are selling to Northern fur houses for as high as \$14 each.

Mr. Oller and R. H. Whatley set some traps near the carcass of an animal which had died. On two successive mornings they caught a coyote and on the third morning they caught four coyotes, they stated yesterday while in Vernon. According to the ranchman, wolfhounds are selling to Northern fur houses for as high as \$14 each.

Coyotes are very numerous in the Grapevine community, where Mr. Oller and Mr. Whatley reside, it was stated, while a few black wolves are to be found on Beaver creek. The latter are more wary of a trap than their smaller cousins and are much more difficult to catch with hounds.

Mr. Oller is one of the pioneer settlers of Wilbarger county, and has been living in the Grapevine community more than 30 years. "When I first came to the country below Vernon, deer and antelopes were to be found everywhere," he stated. "Wild turkeys were numerous, but buffalo herds had all been killed out."

The ranchman declared that the antelope meat was the finest he had ever eaten, and was much preferable to venison.

HUGGINS TO GO TO PLAINVIEW SUNDAY ON COMMANDRY WORK

Wallace H. Huggins, Recorder of the local Commandry, will leave Sunday for Plainview where he will inspect the plains city Commandry.

George Stapleton of Amarillo, one of the grand officers of the Grand Commandry of Texas, will join Mr. Huggins at Amarillo. The inspection will take place Monday.

82 YEAR OLD MAN TAKES OWN LIFE

Henry Kenner, a pioneer resident of Foard county and known to many citizens of Wilbarger county, was found dead at his home at Crowell early yesterday morning, when members of his family were aroused by the report of a shotgun, according to information received here. A shotgun lay beside his bed. A coroner's verdict yesterday was that he came to his death from a self-inflicted wound.

Mr. Kenner had resided in Foard county since 1885. He was about 82 years old. He was a highly respected citizen and had friends scattered through this section of the state.

His act is believed to have been caused by despondency over the increasing infirmities of age.

He is survived by his wife and a large family. Interment took place today in the cemetery at Crowell.

KNOX COUNTY YOUTH SHOT WHILE DRIVING IN CAR; FOUR HELD

Odell Boys granted Bond Following Wounding of Ben Hickman; Felony Charges Filed In Case

Ben Hickman, aged about 18, residing at Truscott in Knox county, was shot and painfully injured yesterday while driving along the road at a point a mile and a half west of Thalia. According to information furnished the sheriff's office of Foard county, the extent of the youth's injuries have not been ascertained, but it is not thought they will prove serious. Tom Mayo, Kress Mitchell, George Toddy and E. M. Hughes, four young men residing a short distance southeast of Odell, were arrested yesterday by Foard county officers and lodged in jail at Crowell in connection with the affair. The Crowell sheriff stated they were released last night on bond furnished by their parents. The four boys are charged with wilfully shooting to maim a felony offense, it was declared.

Chief Deputy J. M. Reesee of this county went to Thalia yesterday to make an investigation of the affair and went on to Crowell last night to aid the Foard county officers in their work.

The four boys are alleged to have fired at a garage building as they left Thalia, and sprinkled the front of the building with shot. Mr. Hickman was alone in a car and was headed toward Thalia at the time he was wounded, the Vernon chief deputy said today. According to the Crowell sheriff, the four boys were not acquainted with the Knox county youth. It is alleged that the latter had not stopped his car at the time the shooting took place, and the motive for the affair is a mystery.

The building was started several weeks ago with funds donated by negroes of Vernon and by many white people. The lumber for the building cost about \$1,000, according to the Rev. J. Henry Clark, pastor of the church.

The pastor stated today that in his belief the church was fired. He said, however, that he knew of no white person who would have a motive for such an act, and that he had heard no threats or any evidence of ill feeling on the part of white persons toward members of the church. He said there are two negro denominations here and members of his race often carry denominational feeling entirely too far, but he would not lay the blame for the loss of the church building at any one's door. Steps to rebuild the structure will be taken at once, he stated.

The building was started several weeks ago with funds donated by negroes of Vernon and by many white people. The lumber for the building cost about \$1,000, according to the Rev. J. Henry Clark, pastor of the church.

The shooting occurred in Foard county.

RAYLAND MAN SPOKESMAN FOR VISITORS TO A. & M.

A. F. Davis, of Rayland, was spokesman for a large number of farmers and stockmen who visited A. & M. College this week. Mr. Davis responded to the address of welcome.

The visitors were shown all departments of the college and asked to make suggestions and criticism regarding the work.

STAR TELEGRAM APPOINTS CLIFTON AS PHOTOGRAPHER

R. B. Clifton, local photographer, has been appointed on the official camera staff of the Star-Telegram, one of the leading Texas dailies.

Mr. Clifton, who has only recently opened a studio in Vernon, has kindled a great deal of camera work in this section for the daily press. The Star-Telegram, which blew in the early part of 1920 and created such a sensation in this section, was photographed by Mr. Clifton, who was in business in Vernon at that time, and carried in the large Texas dailies.

The Star-Telegram is a very popular daily in Wilbarger county and has carried many photo illustrations and news stories from Vernon and surrounding territory.

Installs Receiving Outfit

E. W. Hampton Tuesday completed the installation of a radio receiving set at his home on North Stephens street. Tuesday night Mr. and Mrs. Hampton tuned in on a number of broadcasting stations, including the Kansas City Star, which gives a "night hawk" program shortly after midnight. They have picked up many cities this week. Their outfit is of the one-tube detector type.

Summerour Home Is Burglarized

The home of J. D. Summerour, on West Texas street, was burglarized Tuesday night, and a quantity of meat and provisions from Mr. Summerour and a pistol belonging to H. A. Conner were taken. No clue was left by the burglars.

Judge S. P. Huff, chief justice of

Judge S. P. Huff, chief justice of the Court of Civil Appeals at Amarillo, died this afternoon, according to a telegram received by Judge W. D. Berry, local attorney and personal friend of the Amarillo jurist. A telephone message earlier in the day stated that Judge Huff was critically ill and not expected to live.

Judge Huff is well known in Vernon and Wilbarger county, having served as district judge of this district for several years and had been a resident of Vernon for many years.

Judge Berry is planning to attend the funeral, the date for which has not yet been set.

Will Organize Singing Class

Rev. Mr. Davidson will be at White City Sunday, Dec. 10, at 2 o'clock to organize a singing class. Everybody is urged to be present.

Vernon Citizens Plan To Leave for Meeting At Washington, D. C.

County Judge E. L. McHugh and R. H. Coffee are planning to leave Saturday night for Washington, D. C., to attend a meeting of the executive committee of Lee Highway Dec. 13. Funds to pay expenses of the trip have been raised this week by a committee of local business men.

Judge McHugh and Mr. Coffee will appear in behalf of Wilbarger county and other counties along the "Vernon route" of the Lee highway, to urge that this route be chosen. Final decision in the matter is scheduled to be made at the Washington meeting.

The two Vernon citizens will probably not return until the end of next week.

SAYS VERNON WATER FINE FOR IRRIGATION

C. C. KING RAISES MANY VARIETIES OF VEGETABLES FOR LOCAL MARKET

Shallow water in the vicinity of Vernon is excellently suited to irrigation, in the belief of C. C. King, truck raiser living in the southwest edge of town. Mr. King declared yesterday that he has been using this water on one strip of ground for a number of years and the land raises as good crops as it ever did. He stated, however, that water in the vicinity of his place may contain less mineral deposits than it does at other places near town.

Mr. King yesterday brought in a load of fine fall tomatoes and turnips. Both are very scarce here, and fancy prices were paid by grocermen for the load.

The turnips were planted about Sept. 15. Mr. King said. It was necessary to use irrigation to bring them up, but little water has been used since.

Mr. King has raised garden truck in this county for about 10 years. While he has only a small tract planted to fruits and vegetables annually, he practices intensive cultivation and specializes in late season crops, when prices are usually high.

Many farmers and business men hold the belief that water from the Vernon shallow well will kill farm and garden crops. This argument is often advanced as a reason why irrigation could not be successfully practiced here.

Mr. King says he has encountered only two big handicaps in raising truck since he has been in Wilbarger county. It is often difficult to get small seed, such as mustard and turnips, to start off properly; and plant life sometimes ruin late cantaloupe crops.

CASES OF 32 NEGROES ARE DISPOSED OF; SOME FINED

Cases of 32 negroes last Sunday morning by the sheriff's department at a farm eight miles east of town and brought to Vernon and locked up on charges of gambling, were all disposed of in Justice T. J. Griffith's court this week. Trial of the cases started Monday morning. The negroes were represented by counsel. When the court recessed at noon Tuesday, three of the alleged gamblers had been convicted, and fines and costs totalling \$29.85 assessed against each, while one had secured dismissal of his case but paid fines for vagrancy. Two had been found not guilty, while a third had his case dismissed when it developed that he was asleep at the time of the raid.

Tuesday afternoon the gambling charges against the remainder of the negroes were dismissed, but fines for vagrancy were entered against five. Marvin C. Culbertson, assistant county attorney, was in charge of the prosecution, in the absence of County Attorney John Storey, who is in South Texas deer hunting.

Wednesday, on motion of defense counsel, Justice Griffiths arrested the negroes against the three blacks who had been convicted of gambling. The "Kewpie Kids" scenes were especially attractive. Those listed in these scenes were Catherine Easterling, Mary Je

MOVIE CALENDAR

SCREEN'S GREATEST CAST APPEAR IN "HAIL THE WOMAN"

One of the most complete and brilliant casts which any producer ever assembled, is that which interprets "Hail the Woman." Thomas H. Ince's great human epic at the Pictorium Theatre Monday and Tuesday.

Florence Vidor, Carl Sandburg's "unforgettable woman," takes the role of Judith Beresford, the beautiful flower sprung from harsh New England soil, whose spiritual courage and noble character redeem the faults of those she loves, as she goes out into the world to escape from her tyrannical and unjust "Old Testament" father and to care for her brother's neglected child.

Madge Bellamy, the pitiful and abused girl-wife, whose loyalty to her husband's command not to disclose their secret marriage, ruins her life.

Theodore Roberts, master interpreter of character parts, and one of the pioneers of the stage and screen, makes a splendid Oliver Beresford, the grim old bigot.

As David Beresford, weakling son of Oliver, Lloyd Hughes fills a difficult role in a most vivid and convincing manner. He gives a dramatic interpretation of the transition David's character as he develops from college boy into a grown man and a minister of the gospel.

Tully Marshall is an unequalled success in his interpretation of the vicious "odd-man," whose cupidity is tempted by Oliver Beresford. Marshall's splendid interpretation of the part of Chang, the Chinese merchant prince in "The Cup of Life," the still recent Thomas H. Ince success, is still fresh in the public mind.

Gertrude Claire gives a clever study in her sympathetic interpretation of the part of Mrs. Beresford, the self-effacing wife and mother.

Vernon Dent gives a clever study of Joe Hurd, the crude and bucolic suit or Judith's hand.

Edward Martindel makes an excellent nonchalance man of the world in the role of Wynham Gray, Judith's playright friend.

Charles Meredith, as Richard Stuart, is an excellent type of the New York aristocrat, in love with Judith.

Mathilda Brundage makes a splendid "great lady," as Mrs. Stuart, the society leader.

Muriel Dana, four-year-old star, is a sturdy "little boy" in the role of Day id, Junior.

CYCLONES SPREAD TERROR IN "OLD HOMESTEAD" SCENE

Perhaps the most remarkable storm scene ever pictured on the screen, is that which spreads terror in, and practically destroys an entire village erected for, "The Old Homestead," a new Paramount picture directed with signal success by James Cruze. Twenty powerful wind machines, aided by a fire engine, were employed in this exceptionally realistic elemental disturbance.

The storm that wrecks the town of Gansey is a humdinger. The village was a good sized one of forty or more houses and all were erected for destruction by the hurricane and deluge. Their roofs are blown off, their shutters torn away, and their chimneys fall. But the old homestead stands like a rock—symbolic of the indestructibility of the greatest institution of civilization—the home!

Twenty wind machines and a four-inch pipe line with a fire engine pumping the water from a nearby river over a distance of three quarters of a mile, formed part of the equipment for producing the greatest storm scene that has ever been filmed. According to experts, this Paramount picture which comes to the Vernon Theatre next Monday and Tuesday entailed a

passage of time and expense which passed Bermuda advices were

AUCTION

That word has a little meaning all its own. There is no other kind of a sale that can take the place of an—

Auction Sale

Now is the time to sell that farm outfit or those livestock. I can cash 'em out for you.

Gentlemen! What's your pleasure?

GEO. W. RICHARDSON

Phone 531

a greater amount of ingenuity and difficult work for all concerned than almost any picture that has been made.

The rain was visible three quarters of a mile back from the cameras. At a different period, the set was covered with snow, and when it was remembered that the village consists of about forty houses and several streets, the magnitude of this will be realized.

The four seasons of the year are represented—from spring to spring. Thus the appearance of the set had to be altered accordingly and with the final storm much of it was destroyed. The population of the village is practically kept intact throughout the picture. Each resident presumably lives in the village and special houses or stores were assigned to all. When the auction of the old homestead is about to start, they flock to the scene just as real villagers would do.

HARRISON FORD AGAIN WITH CONSTANCE TALMADGE

One of the screen's most promising young men comes to the Pictorium Theatre today and tomorrow with the appearance of "The Primitive Lover," the First National Attraction starring Constance Talmadge. He is Harrison Ford, whose rapid rise in screen fame during the past year has been a tribute to his sterling ability and unusual facility for adapting himself to diversified camera requirements.

Since the time he commenced playing leading roles opposite Ethel Clayton and Wanda Hawley he has met with steady success. His sterling work brought him to the attention of Norma Talmadge and he played opposite this star in her latest pictures, notably "The Passion Flower," "The Wonderful Thing," "Love's Redemption," and "Smilin' Through."

"The Primitive Lover," which is marked by the first appearance of Ford opposite Constance Talmadge is also notable for the inclusion of Kenneth Harlan in the cast.

"The Primitive Lover," is a humorous satire on the romance stricken girl who imagines herself the heroine of every trashy best seller that comes from the book dealer. It was adapted by Francis Marion from an original story by Edgar Selwyn and was directed by Sydney Franklin, who also directed "Smilin' Through."

HURRICANE TRACKED 5,000 MILES BY WEATHER BUREAU

A West Indian hurricane this fall was followed for two weeks over a distance of more than 5,000 miles by means of reports made to the Weather Bureau of the United States Department of Agriculture by vessels operating in its marine meteorological work. This storm originated about September 13 somewhere between the West Coast of Africa and the Windward Islands and a short distance north of the Equator. It first traveled in a west by north direction, trending like most hurricanes of this type, more and more to the northward as it progressed, and finally recurved to a northeasterly direction about midway between Porto Rico and Bermuda.

On September 21 it passed close to Bermuda, causing extensive damage. The United States battleship Maryland, returning from Brazil with Secretary Hughes and other officials on board, felt its influence, although never nearer than 200 miles to the center. The hurricane reached the eastern part of the ocean on the 24th. Here its influence extended over the eastern portion of the trans-Atlantic steamer lanes, and a large number of vessels were heavily involved, including the Aquitania. The storm broke up on the 28th along the west coast of Europe.

From the 15th to the 21st the progress of the hurricane was broadcast by radio upon information furnished by the Weather Bureau, but after

the picture which comes to the Vernon Theatre next Monday and Tuesday entailed a

longer possible on account of its distance precluding radio communication. When reports from the Aquitania and other ships appeared in the press-telling of the storm in which they were involved it was suspected at the bureau that the storm was none other than the hurricane which had passed Bermuda a few days before. This view was subsequently confirmed by ship reports received by mail. In cooperation with European weather services the bureau is endeavoring to extend the radio storm-warning system to include the whole of the North Atlantic Ocean.

FREE TICKETS OFFERED TO SEEING OF HEALTH FILM

"Fashion and Health," an educational film showing the results of proper and improper corset fitting will be shown at the Pictorium theater next Wednesday, under auspices of the Russell Drygoods company. The picture is said to contain a vital message for every woman who desires to enjoy good health and at the same time obey the dictates of style.

The Russell store will give free

tion is made only to women.

The film will be a special feature,

and the regular program will be shown in addition.

PROFITABLE PIGS NEVER STOP GROWING—SLOGAN

In an exhibition entitled "Pork production," shown by the United States Department of Agriculture at the International Livestock Exposition, Chicago, December 2 to 9, the department gives the essential points for raising swine economically.

Good breeding stock, proper mating, and careful feeding of the brood sows are all important, but a point in hog raising that should receive more attention, because it is often neglected, is the necessity of keeping the young pigs growing continuously from the moment of birth to maturity.

Even before the pigs are weaned they should have access to corn in self-feeders as a supplement to the sow's milk. As soon as they are weaned the pigs should be kept on full feed either by self-feeder or by hand. Approved types of self-feeders, hayracks, troughs and watering fountains are shown in the exhibit. Proper feeds and exercise furnished vigorous pigs of proper type result in hogs of market weight at about 8 months of age.

"The profitable pig is the one that

never stops growing from farrowing to market," is a good slogan for every hog raiser.

One lot of 12 hens was not culled, and ate in one year 900 pounds of feed costing \$20.70. The 12 hens laid 100 dozen eggs during the year. Contrasted with this lot is one of 8 hens which were culled and which laid the same number of eggs but ate only 900 pounds of feed, at a cost of \$13.50. The lot of 12 hens that was not culled ate 50 per cent more than the lot that was culled and produced no more eggs.

The extra cost of feed, however, is but one of the larger costs. Others are the extra labor, extra housing room, and extra capital invested.

To enable the poultryman to cull his hens properly the exhibit gives the

points to be looked for when determining a poor layer or a good layer. These points are quickly learned and are means of increasing profits from poultry.

Overland

The Most Sensational Announcement Ever Made in the Automobile Industry

Nothing could give more pleasure throughout the year, for the whole family, and be more practical for a Christmas gift than the NEW OVERLAND. We say practical because of low upkeep. We will give you this guarantee. We will keep any new Overland car bought from us during December in proper running condition including labor and parts—excepting only tires and batteries which are guaranteed by their manufacturers and damages from wrecks—for an entire year at a cost of only \$25.00.

Only \$25 for 1 Year's Upkeep

This remarkable plan takes the guess out of Automobile upkeep cost.

This is the first time in history that you can buy an automobile and know exactly how much it will cost to keep it in proper running condition.

Such a revolutionary measure is made possible only by the sturdy construction of today's extremely low priced Overland and its marvelous record of performance.

No other car in the world equals the economy of the Overland. No other car has ever sold under such an unlimited guarantee.

We are putting into operation the flat rate basis for all repairs on our cars, telling

the customer just what his bill would be before he authorized the work.

OUR PLAN

Today we give you an advance service plan never before undertaken for any automobile.

In it we positively answer the question every automobile buyer should ask—"How much will one year's maintenance cost me?"

Others may give you a figure, but are they willing to guarantee it?

Buy an Overland and take the guess out of your purchase. Low in first cost. Lowest in operating cost.

SOCIAL

HOLIDAY SOCIAL AFFAIRS AT HILL CREST CLUB ARE PLANNED

Members of Hill Crest Country club are looking forward with much interest to the coming holiday social season.

Four dances, one forty-two party, one bridge party and a musical program, all of which will take place within a period of seven days, have been arranged by the social committee.

Renewed interest in the social affairs of the club has developed during the past few weeks and some of the most delightful programs in the history of the club have been held recently. It is practically assured at this time that the Christmas season this year will be a great success.

Following is the calendar for the holidays:

Monday, Dec. 25

Dance—
G. C. Morris Miss Dell Summer
Keith Berry Miss Mary Anderson
Sam Napier Miss Olive Shive
Joe Summer, Mrs. Katherine Waggoner

Tuesday, Dec. 26

42 Party—
Mr. and Mrs. J. A. Birdsong
Mr. and Mrs. E. L. Dohoney
Mr. and Mrs. R. L. Castleberry.

Wednesday, Dec. 27

Dance—
Mr. and Mrs. R. H. Coffey
Mr. and Mrs. Hub Colley
Mrs. Della Houssells

Thursday, Dec. 28

Bridge Party—
Dr. and Mrs. W. M. Schindler
Mr. and Mrs. W. A. Wilhelm
Mrs. C. E. Warren

Friday, Dec. 29

Dance—
Mr. and Mrs. A. N. Vernon
Mr. and Mrs. L. E. Piper
Mr. and Mrs. Lloyd Sibley.

Monday, Jan. 1, 1923

Afternoon—Open house to members.
Mrs. C. J. Farrell, Chairman of Program Committee, Musical Program.

Monday, Jan. 1, 1923

Evening—Dance—
Mr. and Mrs. Less K. Johnson
Mr. and Mrs. J. A. Napier
Mr. and Mrs. J. V. Townsend,
Mr. and Mrs. R. B. Gibson.

DELBERT WEBB AND MISS MAE CRISP OF FARGO WED

Special to The Record
Fargo, Tex., Dec. 7.—Miss Mae Crisp was married Sunday afternoon at the home of her parents, Mr. and Mrs. J. L. Crisp, to Delbert Webb, of Vernon. The bridal party was attended by Mr. and Mrs. George Goins, the bride's sister, Miss Laura Clarence Wilhelm, Mrs. Wilhelm, playing Mendelssohn's wedding march. Rev. F. D. Pearson, pastor of the Baptist church, performed the ceremony in an impressive manner. A wedding dinner, of all the good eatables of the season, was spread and partaken of by the following guests: J. L. Crisp and family, R. E. Owen and family of Dorns, Mrs. J. R. Owen, Mr. and Mrs. G. Elliott and son, Mr. and Mrs. Geo Goins, Claude and Wayne Goins, Roy Mason, D. J. Wilhelm and family.

Mr. and Mrs. Webb will make their

home with her parents for the present.

Sunday School Banquet Planned

A banquet will be given in the basement of the Central Christian church Monday afternoon at 6 o'clock in honor of the three classes who were in the lead at the end of the auto race contest which ended several weeks ago. This entertainment has been postponed on account of the evangelistic services. Those belonging to the three classes, namely Miss Erma Rhoads, Jimmie Mallow or Mr. Pyles are invited to be present on the above date.

Celebrates Fourth Birthday

Little Wynne Jones, son of Mr. and Mrs. D. Jones, celebrated his fourth birthday Thursday afternoon at his home on South Main street, when all his little friends came to wish him a hundred happy birthdays. The afternoon was spent in playing games of different kinds, at the close of which the guests were led into the dining room and there the center of the table hung a Christmas bell. From this streamers of different colors to the plates where little favors, consisting of dolls for the girls and whistles for the boys, were arranged very attractively. Each child enjoyed a cut from the big old birthday cake and four wishes were made as the candles were blown out. Those present were Misses Neomi Wright, Velma Gene Moore, Maurine Cartwright, Joyce Puckett, Wilma Gene Armstrong, Dorothy Rogers, Polly Lisman and Messers. Winford Shive, Clancy Keltz, Benefel Armstrong, George Cartwright, J. C. Armstrong, David Nowlin, Cy Long, Jr., Cope Gibson.

Five Tables at Bridge Party

The Tuesday Bridge club met Tuesday afternoon at the home of Mrs. J. T. Glover, on West Texas street. There were five tables arranged for the players. The house was attractively decorated, the Christmas spirit being carried out in the place cards. At the close of the games refreshments were served to the following: Mesdames A. B. Garland, P. W. Handrix, E. C. Chulstian, W. A. Wilhelm, Jno. Allison, A. C. Nicholson, Heri Thompson, H. L. Terhune, Conner, Roy Abbott, Moss Lovelace, Roy McConville, Homer Rogers, Ava White, McJaw, R. M. Hooper, Fred Thompson, J. G. Sherman and Misses Lillie Castleberry and Minnie King.

Held Interesting Study

The Delphian Club which met Wednesday afternoon at the home of Miss Johnnie Mallow, had an interesting lesson on "Conduct of Life," with Miss Harriett Thomas as leader for the afternoon. Ten members answered the roll call. At the close of the lesson refreshments were served to the following: Mesdames B. A. Williams, W. A. Wilhelm, Y. H. Babasin, Jed Morrow, H. D. Hockersmith, O. A. Brunson, Emory Rhoads, J. G. Hughes, and Misses Esther Swartwood and Harrington Thomas.

Don't spend all your spare time between now and Christmas on that embroidery. Buy it at the Delphian ladies Bazaar, lobby Bailey Hotel, December 15 and 16. 95c each.

"I TOLD-YOU-SO"

Worry is one of those melancholy dissipations that we all indulge in more or less, and when the cause of it is removed by North China and Persia in the finding out that there was no twelfth century.

In the space of 20 years the log cabin replaced the dugout, and a few stone buildings were

Now, no doubt the merchants are worrying over this reaction this period on, the architectural history of Northwest Texas done in Vernon when we had would be a kaleidoscope—shifting, changing, improving, until splendid church buildings, fine school structures, beautiful homes and large public buildings were to be seen on every hand.

In the early days, when the ranch workers slept often beneath the canopy of night, with a wet saddle blanket for a bed, there was only one aristocracy—that of honest men who were engaged in changing a virgin country into a country of homes. Perhaps there are few people, even among the descendants of those old pioneers, who lament the fact that a system of castes has replaced this broad democracy which rendered the stranger a welcome guest at the rancher's fireside. But in our maelstrom of social life today, we could draw a good lesson from this surprising contrast of 1922

There is a good deal of worry right here in Vernon over our extravagance and though we are all worried it will never do anyone any good.

Now the good folks who worried and, we might say, slept, and preached at us to hold on to our money will say that at last they have achieved results. Chanticler, the rooster, thought that he caused the sun to rise by his crowing at the dawn.

Everything is looking fine for next year's business and crops, and, say, 1860.

It is our part to ride easy and expect the best. We should have no patience with those who preach calamity and then take the credit when nothing bad happens.

TRANSITION.

The history of Anglo-Saxon architecture in Northwest Texas as presents a strange paradox. The first dwelling constructed by white men in this region date back in point of time only a little more than 50 years, but in their style of architecture they date back to prehistoric eras.

The advance guard of white settlers were in most cases cave dwellers. The conventional ranch headquarters in the beginning of the cattle industry in this part of Texas was a dugout. The first enclosure for stock was a rope corral.

In this same "prehistoric age" a number of Texas settlers were nomads—tent dwellers. Their homes were made of ducking, stretched to form a lean-to. They migrated with their herds according to the season or the condition of the grass, just as the Bedouins of Arabia have done since the opening of the Christian era.

Still other trail blazers were "wagon dwellers." They might be compared in this respect to the followers of Genghis Khan, who swept across the plateau of the cause of it is removed by North China and Persia in the finding out that there was no twelfth century.

In the space of 20 years the log cabin replaced the dugout, and a few stone buildings were

MAKING CHRISTMAS MONEY

By Fhebe K. Warner

Really the right time to begin teach us that it is more blessed to think about making Christmas money than to receive? Then

mas money is the week after why let our selfishness rob the Christmas instead of the month children of the greater blessing before. But who does it? And And Christmas will be a happier

suppose we did begin to make day for us all when we can all our Christmas money in January, June, July or even October, as the receiving. Most of us would have it spent

Now first of all there is a uniform for something else long before vernal mistake in most of our Christmas. Right now is a good time as to what is a real Christmas gift is. Too many of us

campaign for making Christmas think it means something expensive.

Most of our big financial

pensive from some store in some

campaigns only last a week. So

have that you do not find in town

at all. For instance, we wish

since we were a girl ourself and

never will forget how we of some school boy to write to

longed for our own Christmas who would climb one of those

money to do with as we pleased. grand old trees in South Texas

Our heart was just as big and and get us a box of that wonder

just as kind as any of the other ful grey moss. And we wish we

hearts in our family and we knew where to send to get a shoe

wanted to do things for Christ

mas that we wanted to do. But for our own Christmas decorations

we never had any Christmas tions. How much more beauti

money. Somebody else had all ful it would be away out here in

the money and got all the joy of the Panhandle than red tissue

buying and spending and hiding paper shipped in from some for

things around and bringing

them out on Christmas morning

for us. We never did in all our

childhood know the joy of giving

anyone a Christmas gift.

All the fun we got out of Christ

mas was in what we received and

sometimes there was as much

disappointment as rejoicing in

that. Santa Claus did it all and

in return received all the credit

and all the happiness that comes

from giving and all the thrills

that follow a happy surprise.

The children were never taught

to give. They were only taught

to expect and receive. Is it any

wonder that we all grew up to be

selfish.

"More Blessed To Give"

For these reasons we resolved then and there if we ever did grow up and turn into a woman we were going to help the boys and girls to find ways to make their own Christmas money so that they might have some of the joy of giving, along with the joy of receiving, and thus be doubly happy on Christmas morning. Does not the Bible of the country. Clean up the

Conserving Memories

Of course, somebody will have something to say about conserving the young cedar trees. But we are in favor of conserving the memories of home and the children clustered around that bright little tree on Christmas morning. The children, so reared, will do more to save our country when they grow up than the tree would.

And then boys, try to find something extra to do Saturdays this month, like picking cotton

garden for the winter rains or give the hen house a good cleaning or chop some extra wood or do something to earn your own Christmas money.

And girls, how many of you made things for bazaars and for various sales for church funds and school funds and a hundred other things. Now we want to suggest that the girls in every school district have a bazaar of your own. Let the boys in on it if they have something to sell. Have it at your school house. And invite everybody from the whole community and the city and the towns if you live near one to come to your sale. Then just see how many things you can have at that bazaar and you will get the most fun everybody needs to get ready for Christmas. Things that you have made and would rather have the cash to exchange for other things. Fresh eggs, butter, dressed chickens, cakes, pop corn, peanuts, and pecans and home made candies. Jars of jelly and preserves, potted plants from your yard. There are so many things you can find around your home that somebody needs. Have a called meeting at recess at school and get your thinkers to work and see what you can do. And then when an article of any kind is sold let the money paid for it go to the boy or girl to whom it belonged. Just have a sale for yourselves for a change and see how interesting it will be.

A Yule Tide Market

And once upon a time we knew a group of little girls who lived in the country who had a market for three Saturdays before Christmas in one of the stores in town and everything they brought to that market was

News from The Churches

First Methodist Church

Robert E. Dickenson, D. D., Pastor.
R. D. L. Killough, Sunday school Superintendent.
9:30 a. m.—Sunday school.
11 a. m.—Morning worship.
Organ Prelude—"Audante in G."
Baptist.
Duet—"Nearer Home"—Mrs. Miller and Mrs. Dickenson.
Offering—"Prayer"—Lemaire.
Sermon by Dr. Dickenson. Subject—The Attitude of Jesus Towards Sick People.

Three Minute address—The Need of Hospitals—Dr. J. E. Dodson.

Postlude—Flagler.

7 p. m. The evening service.

Voluntary—"Pastorale"—Flagler.
Orchestra—"One Sweetly Solemn Thought"—Mrs. Roy McConaughy, Directress.

Offering—"Spring Song"—Mendelsohn.

Chorus—"My Wonderful Dream."
Sermon by the pastor. Theme: "The Prodigal Girl."

Postlude—Dubois.

Next Sunday will be observed as Hospital Day. What is Methodism doing for the sick?

Mrs. E. C. Christian will direct the Intermediate Choir next Sunday at 9:30 o'clock in singing the Christmas Carols. Christmas will soon be here. Catch the spirit.

The general theme for the service Sunday morning will appeal to the human heart to apply the Gospel of Christ to the needs of men and women of today.

Prayer meeting Wednesday night at 7:15. Subject: "The Patriarchs of Genesis."

Attend church now while you are live human beings. Don't wait for the hearse to bring you to church. "Let's go," won our battles in France. "Let's go to church," if carried out, will help you to win your fight against temptation.

Central Christian Church

The auto race contest is again taking on new life. The leader of one class boasted that they would not let any girls beat their class, but the young ladies class still leads. Others are following close, so it is a real race. Next Monday night at 6 p. m. the banquet will be served to the winners for the former race. Three classes reached the goal on the same Sunday. The three classes and their teachers will be served. We look for a much larger attendance next Sunday in all the classes.

Sermon subject at 11 a. m.: "The Art of Hearing Sermons."

The theme at 7 p. m.: "An Ancient Slacker."

Everyone is cordially invited to each of these services.

LEWIS P. KOPP, Minister.

Presbyterian Church

We earnestly request all members of the Sunday school to be present next Sunday. Some important announcements to make.

Worship at 11 a. m. and 7 p. m.

At the morning hour the subject will be "The Solution for Hard Times." For the evening hour the subject will be "An Inscription on a Corner Stone."

Let's make this a great day in the history of our church and Sunday school.

Strangers and visitors cordially welcomed.

E. L. MOORE, Pastor.

SACRED CONCERT IS VERY ENJOYABLE MUSICAL EVENT

One of the most enjoyable musical events in the memory of Vernon residents was the sacred concert given last Tuesday night at the Central Christian church by the choir of the First Christian church of Wichita Falls. The concert was preceded by a banquet served by women of the local church in the basement of the building, in honor of the visitors.

The building was crowded when the concert opened. Dr. L. D. Parnell directed the choir. Mrs. Wayne Holmes and Mrs. Lee Clark, the former in trio and quartet, the latter in solo and chorus, were particularly fine. Mrs. Hancock and R. E. Shepherd also drew special attention.

The program: Te Deum (Frank); Sun of My Soul (Shelley); Quartet (Galilee); Heaven is not Far Away (Wooler); Venite Eb (Wirtz); Solo (Babalon's Way) (Gounard); Trio; Te Deum (Dudley Buck); Gloria (from the Twelfth Mass.)

Ford Touring Car Stolen

A Ford touring car belonging to R. B. Gibson was stolen Wednesday night while Mr. Gibson and members of the family were attending the Elks' charity show.

Mr. Gibson left the car standing on Wilbarger street, in front of the Lisenbee Furniture company store.

The loss was reported to officers who are making an effort to recover the machine.

ELKS' CHARITY SHOW SUCCESS; BIG CROWD IN ATTENDANCE

(Continued from page 1)

Neatherly, Elizabeth Christian, Ruth Kell Lutz, Fern Hollar, Anna Bailey, Minerva P. Rhoads, Berlene Huddle, Adda Jennet McRay, Georgean McRay, Nova Backus, Morris John Houkner, Luolin Storey, Dorothy Rogers, Mary Piper, Evelyn Rogers, Joyce Packert, Inez Storey.

Lisman a "Wizard"

Frank Findley was a black-face comedian. He provoked many laughs and drew applause when he sang "Sweet Indiana Home." Francis Lomax did many fine bits of acting in her part as a French maid, and also doubled for a lead part in the Italian dancing girl scene. T. P. Lisman, Jr., appeared as the "spook man," the "unja wizard," the Oriental lead, and as the monkey in an Italian scene.

Dorothy Piper captured the audience by a solo and dance special, "Ita Balla Doll." She also was seen in an Oriental scene as a dancer, and led in a beautiful "rose dance." Her work has wonderful finish and grace. Another attractive dance special was by Francis Murchison.

John Scott was the "comedy duke" playing opposite "Mitzi." One of the best comedy acts in the production was the "garden party gossip," in which a group of young matrons detailed bits of information about Vernon citizens. In this scene Inell Powell assisted the "wizard" to put a spell on the gossipers. Her dance caught the crowd's fancy.

Miss Birdie Hiatt led the chorus in the "vacation scene," and also favored the audience with a solo which carried the essence of springtime and flowers. She was very lovely in a number of scenes.

Miss Piper in Beautiful Role

Mayor Harry Mason, stately in evening dress, was a gracious host to the house party, while Mrs. Francis Piper, playing opposite the mayor, was a picture of gracious dignity. Mrs. Piper also appeared in perhaps the most beautiful single scene in the play when she sang a solo as she stood in the "clock" dressed as an old fashioned girl. Buddy Greerer gave an excellent rendition of "Everything's at Home Except Your Wife." Mrs. E. C. Christian was heard in a beautiful solo.

Lloyd Parker appeared in an Egyptian dance. Persons who did not know him thought Mrs. Young had secretly

imported some harem beauty from the far east.

One of the high lights of the show was furnished by Dr. C. D. Smith, whose impersonation of "Lord Absalom," a British nobleman was a masterpiece of acting.

"Canary Cottage," a duet by Mrs. Hendrix and Seth Ingram, was one of the best song specials in the evening's offering. Mr. Ingram has a fine voice, and his acting as the "bogus duke," in love with "Babs," was very clever.

The "Jazz baby dance," was led by Minerva Price Rhoads, supported by the juvenile chorus. Buddy Greerer, Hubert Sewell, Willis Smith, Fred Burk, Buck White, Harrold Shive, Aubrey Foster, acted as "Kiss bargainers," and also appeared in the wedding scene.

A Motley Collection

The strange assortment of people ever seen in Vernon was furnished when J. V. Townsend introduced the "little carnival ladies." They included Aubrey Foster as the "Vendor," Abilene, the little diving girl (Mack Bennett's choice) Morton Allman; La Belle Fatma, the vamp's Oriental dancing girl, Hubert Sewell; The Little Butterfly sisters, of Ziefeld, J. A. Dixon, J. B. Parker; Madame Tinney, the little tattooed lady, very timid, Steve Maryol; Ca Cheeta, the Spanish girl, Russell White; Emma, the celebrated wire walker and skirt dancer, O. K. Storey; Madame Hagail, Loyd Parker; No Body Knows What It Is, captured at Electra 9,999 miles from land or sea, Geo. Veto; Wild Ora, the snake eater, S. W. Badley.

Mr. Bailey was particularly terrifying in his role of "snake eater." And at the opening of the show, when he staggered down the aisle with a quart bottle in his hand and his "stovepipe" hat tilted at an angle while he gave voice to the old cowboy war whoop, he furnished as fine a representation of a "drunk" as one could find in these days of the Volstead act.

Margaret Casper, as pianist, and Harrold Shive at the drum, aided the show with excellent accompaniment. Miss Johnnie Mallow's orchestra played before acts and between scenes. The orchestra entertained the crowd with a number of selections before the opening of "round the clock." It has developed into an organization of which Vernon may well be proud.

The production carries a tight plot centering on the activities of a real and a bonus duke at a house party. Proceeds of the show will go to the Elks' Christmas Charity fund.

TEN O'CLOCK WILL CLOSE THIRD PERIOD; MAILING ALLOWED

(Continued from page 1) o'clock tomorrow night), no matter where they may reside. All subscriptions placed in any postoffice ANYWHERE before TEN o'clock Saturday night will be counted in on the BIG vote schedule even though they do not reach the office of the Vernon Record till Monday or Tuesday.

And now for the finish.

The eyes of the whole county and the surrounding country are upon the gains of the valiant workers—watch 'em go.

\$300

ONE OF THE CAPITAL PRIZES

BIG ANNUAL WASTE RESULTS FROM DESTRUCTION OF STRAW

The Southwest burns, or allows to go to waste, in the neighborhood of \$60,000,000 worth of straw every year, basing its value on the fertilizing elements only, and to say nothing of the enormous amount of vegetable matter lost.

Since nearly one-third of the virgin fertility of the soil in this region has already been lost and since it has been declining at a rate somewhat in excess of one-half per cent a year, no one interested in the future welfare of this territory can view such unnecessary losses without concern. The figures of course are not strictly accurate. Accurate figures cannot be obtained; but if anyone doubts that the fertility of the soil of the Southwest is being lost at a rapid rate, he has only to go into the wheat belt about the time the wheat is jointing or in the boot, and compare the average field with one that has been just recently broken from the sod, or with the wheat along a recently broken fence row. The most casual observer will not fail to note the better growth, the greener, the healthier color and later the better yield and quality of the wheat from the newer land.

Restoring the straw will not entirely

solve the problem, but it will remove one of the important leaks that have been responsible for the losses of fertility and humus. But it is neither an easy nor a simple matter to restore the straw, and, at the same time, secure enough better wheat to pay for the extra labor. The straw may even result in lower yields, if not judiciously applied. Where combine harvesters-threshers are used this problem is automatically solved in perhaps the best possible way.

No doubt the best practice, where a considerable quantity of straw is to be disposed of, is to use as much as possible for feed and bedding and set to it that all the manure is applied to the land. Probably the second best method is to apply it as a thin top dressing immediately after harvest and before plowing. In dry climates this may not be advisable because of leaving the ground to loose, but it is a satisfactory method where the summer rainfall is adequate and there is sufficient help to get it onto the land early.

Another and probably the most generally practical way is to apply the straw as a top dressing in the winter. It may be applied in this way to land intended for spring crops or as a top

dressing on growing wheat. In either case the application should be a light one: 1 to 1.5 tons per acre. Straw applied in this way greatly retards soil blowing and decreases winter killing. If the winter be a severe one, if applied too heavily, however, it will retard the growth of the wheat in the spring and result in decreased yields.

In Kansas, it has been estimated that the wheat straw stacks that are scattered and allowed to stand from year to year on wheat farms cover fully two acres, on an average, on each farm. This acreage covered with straw stacks represents lost use of thousands of acres of good wheat land, but it does not equal the loss in fertility represented if the stacks are burned.

As far as possible, wheat straw should be stacked in corrals or feed lots, where the feeding and trampling of the livestock will assist in the rotting. Straw that cannot be spread over the fields at once or cannot be handled in connection with feeding should be stacked on waste land and in places where it can remain until ready to haul out as manure.

—The Southwestern Wheat Improvement Association, H. M. Balmer, director.

PROGRESS BEING MADE ON STATUTES FOR HEROIC ARCH

Austin, Tex., Nov. 30.—Good progress is being made by Pompeo Coppini, of Chicago, with the work of designing and executing the statues to ornament the memorial arch which is to be built at the main entrance of the campus of the University of Texas, according to President R. E. Vinson, who has recently returned to the University after a conference with Mr. Coppini.

According to Dr. Vinson, the clay models and plaster casts of four of the heroic statues have been completed. Those which have reached this stage toward final completion are of Woodrow Wilson, Robert E. Lee, Jefferson Davis, and Albert Sidney Johnston. Others still to be modelled in clay are of James S. Hogg and John H. Reagan. About six months time is required by Mr. Cappini to complete modelling a statue in clay, and then while in Fort Worth.

after the plaster casts are made, each statue will be cast in bronze. The statues of Woodrow Wilson and Jefferson Davis will be placed on the pillars of the gate are each nine feet in height. Each of the others will be eight feet high. There is still to be modelled and cast a central group of figures for the arch. Under the terms of the contract, the actual construction of the memorial arch is to be started in January, 1925, and it is expected that two years thereafter will be required to finish it. The cost of the memorial arch will be \$250,000, and it will be paid out of the sum donated for the purpose by the late Major General W. Littlefield, of Austin.

Olin Turner left yesterday for Fort Worth, on a business trip. Mr. Turner will inspect the broadcasting station of the Fort Worth Star-Telegram and while in Fort Worth.

If Someone Gets Your Newspaper

before you are through with it, you are peed.

Altho the life of a newspaper may be comparatively brief, it surely holds the center of the world's stage twice every 24 hours.

You may pay more for it every year than for any other publication—but it gives you more.

And the advertising in newspapers gets you and your family to invest more money than advertising in any other medium RIGHT?

INVEST IN THE VERNON RECORD ADVERTISEMENTS

The Best Christmas Present For the Family

Take membership for you and the wife in Vernon Mutual Life and Accident Association, then put the boys and girls in, the Son-in-law and the Daughter-in-law.

Others are doing that very thing. It will count in the years to come. Think how it might effect the destiny of a life that is very dear to you, and that, possibly, long after you have crossed "over."

Start a good movement while you are here.

GREAT ROAD DEVELOPMENT IN WYOMING IN SEVEN YEARS

The last seven years have been a period of great road development in the state of Wyoming according to figures collected by the Bureau of Public Roads of the United States Department of Agriculture. From 1914 to 1921 the total road mileage increased from 14,797 to 45,528 miles. This is strong contrast to the majority of states, which has made great progress in road improvement, but without any appreciable change in total mileage.

During the seven year period the mileage of improved roads has increased from 1,724 miles to 6,867 miles. The mileage of road is classified as follows:

Unimproved 39,573

Graded and drained 6,715

Gravel, chert, shale 413

Hard surfaced 27

In the State there is a total of 612 highway bridges.

An analysis of the figures collected by the bureau shows that there is only half mile of road per square mile of area; that the annual road revenue is \$55.32 per square mile, \$116.25 per mile of road, and 27.82 per capita.

In 1921 the total road revenue, including Federal-aid funds, amounted to approximately \$5,408,000 and expenditures \$4,725,000. During the year 1,673 miles of improved road were completed in the state and considerable maintenance work done.

That Federal-aid is playing a considerable part in road advancement in this state is shown by the fact that on August 31, 474 miles of Federal-aid road had been completed, 421 miles were either under construction or approved for construction, and nearly \$800,000 was available for new projects.

The state system of over 3,000 miles of road to be built with Federal aid and which will form a part of the Federal-aid highway system will be definitely settled upon within a short time.

NEW VARIETY TAKING PLACE OF DISEASE-AFFECTED CANE

Five years ago the sugar plantation of Porto Rico were threatened with disaster because of the sudden appearance and the rapid spread of a serious disease, known as yellow stripe or mosaic disease, and the planters appealed to the United States Department of Agriculture for help. Investigators sent to the island by the Bureau of Plant Industry to cooperate with the insular and Federal experiment stations there soon discovered that a variety of cane known as Kavangire, then being grown only in experimental plots, seemed to be immune to the disease, which was attacking practically every other variety grown in Porto Rico.

Kavangire cane is grown commercially in the Argentine, and through the effective cooperation of the director of the Tucuman Agricultural Experiment Station the department made arrangements for an immediate shipment of 5 tons of seed cane of that variety to Porto Rico. The cane was packed in charcoal in barrels and shipped about the middle of July, 1919, arriving on the island early in September. This is probably the longest haul of seed cane in large quantity ever made.

The immune cane was grown by the Federal and insular experiment stations for the purpose of increasing the quantity of seed cane. Later this was distributed to each of the central on the island, and a recent report shows that it has been giving very good results. One of the stations has 500 acres of Kavangire this year and is planning to increase to 1,000 next year. Another has 200 acres in one valley and considerable plantings in other districts. About half of the cane acreage in this locality is now out of cane because of the mosaic disease and only the new variety will be planted hereafter.

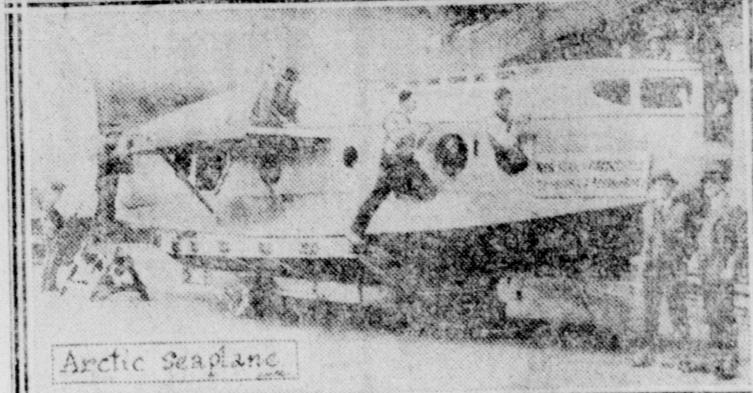

One grower of the immune variety reports yields of from 40 to 50 tons an acre, with a sucrose content of 16 to 17 per cent. Another planter says he sold 2 acres of this variety for seed receiving \$500 for the standing cane.

WEATHER BUREAU WORKS WITH OTHER FEDERAL DEPARTMENTS

The Weather Bureau of the United States Department of Agriculture cooperates with other Federal departments in many ways, thus avoiding duplication of activity in different bureaus. Its Marine Division, for example, collects reports from ships at sea and prepares charts of the weather in various waters for the use of pilots; these charts are printed, together with other information of value to ship captains, by the Hydrographic Office of the Navy Department.

Its aerological investigations supply information of a practical nature to Artillery, aviation, and other interests concerned with conditions in the upper air. In studies of wind velocities the Weather Bureau works cooperatively with the Bureau of standards, which has several wind tunnels with other information of value to ship captains, by the Hydrographic Office of the Navy Department.

Its aerological investigations supply information of a practical nature to Artillery, aviation, and other interests concerned with conditions in the upper air. In studies of wind velocities the Weather Bureau works cooperatively with the Bureau of standards, which has several wind tunnels with other information of value to ship captains, by the Hydrographic Office of the Navy Department.

SEAPLANE BEING BUILT FOR ARCTIC HUNTING.

Seven nationally known American business men plan to fly to the Arctic next Summer, in seventy-two flying hours, in quest of the walrus and polar bear. The trip, by boat and sled, would take weeks. This photograph shows the seaplane in which they will travel. It is being built at Keyport, N. J. I. M. Uppen, President of the Cadillac Motor Car Company, and Charles F. Redden, President of the Aeromarine Airways, Inc., are shown together in front of the plane. They, with H. E. Coffon, H. H. Emmons, J. W. Inches, W. E. Metzger and O. F. Redden, will make the trip.

relative to Air Service stations of the War Department to deliver lectures on meteorological subjects. The first of these lectures were given on November 15 and 16 at Langley Field, Va., before a number of officers taking a course at the tactical school.

SUCCESS ATTENDS AREA PLAN OF CATTLE T. B. ERADICATION

The efforts being made to free definite areas of cattle tuberculosis, such as counties in all parts of the United States are meeting with success in nearly every instance according to reports being received continually by the United States Department of Agriculture. Much of this success has been brought about by the wholehearted cooperation of all interested persons in the community, not only cattle owners, but business men, particularly bankers.

During a campaign recently put on in Lemhi county, Idaho, the three banks of the county joined in advertising in the local paper their endorsement of the tuberculin test. Under the heading "Tuberculin test endorsed" they made the following statement: The campaign that has been started in Lemhi county by the Bureau of Animal Industry of the United States Department of Agriculture and Idaho State Department of Agriculture toward the control and eradication of cattle tuberculosis that might exist in herds within Lemhi county has the fullest endorsement of the undersigned banks of the county.

The banker is always a strong influence in a community, and such support has much to do with the success

WILBARGER COUNTY NEWS

PARSLEY HILL

Parsley Hill, Dec. 7.—This community was visited by a light rain Wednesday.

A. J. Moore and children, Emerson, Ross and Johnson, returned to their home last Friday after spending two weeks in Childress.

Mr. and Mrs. A. J. Moore and children entertained the following guests last Sunday: Mr. and Mrs. R. R. Cantrell and sons, Clarence, Willie and Ray; Mrs. J. B. Box and children, Mr. and Mrs. McNabb and children, Mr. and Mrs. Max Gahler and children, Mrs. Frank Choate and sons, Eugene and Donald, Frank Thomas, Miss Mamie Church and Harry and Buns Church, Otto and Paul Drogik and Arthur Moore, of Vernon.

Mr. and Mrs. John Haggard and children visited Mr. and Mrs. Gibb Church, of Lockett, Sunday.

Miss Danie Wright of Vernon visited her grand parents, Mr. and Mrs. R. F. Box, last week.

There was singing at Parsley Hill Sunday night with Mr. Wess, of Oklahoma as leader.

Miss Thelma Causey, who is staying in Vernon and attending school, visited her parents, Mr. and Mrs. J. D. Causey, Saturday night and Sunday.

The pie supper at Parsley Hill was well attended. Forty dollars was made up. The money went to purchase basket ball equipment.

A. J. Moore and sons, Emerson, Connie and Johnson and Nix Wood left Monday for Childress, where they will spend a few days.

The ladies of this community met at the school house Tuesday afternoon and arranged a Christmas program.

J. B. Box and R. R. Cantrell made a business trip to Vernon Wednesday.

Mr. Woodward made a business trip to Vernon Wednesday.

Riley Moore, of Vernon, visited his cousin, Connie Moore, last Thursday.

C. Drogik and daughter, Miss Hatte, visited Mr. and Mrs. R. Graff Sunday.

FARGO

Fargo, Dec. 7.—Several people in this community are killing hogs.

Delbert Webb, of Vernon, and Miss May Crisp, of this community, were united in marriage Sunday afternoon at 2:30 at the home of the bride, Rev. F. D. Pearson, pastor of the Baptist church.

Mr. and Mrs. George Goins, Mr. and Mrs. R. E. Owen, Mr. and Mrs. D. J. Wilhelm and family were present.

The bride was reared in this community.

She attended Fargo school until 1920 when she entered Holcomb training school, finishing there in 1921, after which she taught in the training school; the past summer. Mr. Webb is a resident of Vernon.

Rev. F. D. Pearson filled his regular appointment Saturday and Sunday at the Baptist church. There was a large crowd present Sunday morning and evening.

Mrs. Tharp, who has been visiting her daughter, Mrs. Lee Parker, will leave for Arkansas next week to make her home.

Mr. and Mrs. Connie Olive and Carl Olive, who have been visiting in Bowie county the past two weeks, returned home Tuesday.

Mr. and Mrs. Jeff Cook have moved to Lockett.

Mr. and Mrs. George Goins entertained with a social Friday evening.

J. R. McClain is seriously ill.

Bennie Richards, who was shot in a serenading party in September and has been in a hospital in Vernon since was able to come home last week.

HINDS

Hinds, Nov. 7.—Mr. and Mrs. J. W. Johnson returned last Wednesday from Mineral Wells, where they had been the past four weeks in the hope of benefiting Mr. Johnson's health. His condition is improving.

Ernest and Truman Willis, of Wichita Falls, were guests of J. R. Caldwell and family last weekend.

Jewell and Maureta Tipon, of Davidson, Okla., spent last week with their aunt, Mrs. Clyde Muller.

Powell King, who has been working at Electra, is at home on a visit.

Miss Laura Wilhelm spent the past week-end with home-folks at Fargo.

GAL. FIFTEEN COR. 6 6 6

Mr. and Mrs. Fred Limer of William son county, are visiting his sister, Mrs. A. J. Wendland.

Mr. and Mrs. A. D. Anderson and family, and Miss Wimoth Howard were guests of Mr. and Mrs. C. A. Muller Sunday.

Mrs. Lucy Clopton, who had her tonsils removed last Saturday, is getting along nicely.

J. T. Barbee and family left last Thursday for Seagraves, where they will make their new home.

Miss Clara Wendland, of Vernon, was a guest of Miss Vivian Lane Sun-

ARMOUR PROPOSES HUGE PACKING MERGER

at Ogden Armour

Here is the latest photograph of J. Ogden Armour, of Chicago, who recently held a lengthy conference with President Harding in Washington. Mr. Armour proposed a huge merger of the packing industry, involving half a billion dollars. He likewise asked Attorney-General Daugherty as to the legality of the proposed combine.

OKLAUNION

Oklauion, Dec. 7.—Mr. and Mrs. Karr and Mrs. Annie Stephens spent the Thanksgiving holidays at Medicine Mound.

P. F. Love has returned home after a visit in Dallas.

Clarence Rainwater left this morning for a visit in Fort Worth, Gatesville and Taylor. He will be gone about 10 days.

Mrs. Clay Brite is visiting her sister in Wichita Falls.

Mrs. Hassie Stringer, of Vernon, visited in Electra and Oklaunion last weekend.

The Home and School club will meet with Mrs. Harry Staleup next Tuesday, Dec. 12. All members are urged to be present.

Roseine Rainwater made a business trip to Vernon Thursday.

John Brownlee, president of Security National Bank of Electra, was a business visitor here Wednesday.

Mr. and Mrs. J. K. Campbell have returned home after a few days' stay in Fort Worth.

Roy King has gone to Littlefield.

Put a Hupmobile In Her Stocking

Perhaps you are going to buy a car in the spring. Why not make a Christmas gift of it?

If you were to ask the opinion of any garage mechanic as to the car you should buy for anywhere near the Hupmobile price, chances are probably ten to one that he would say "Hupmobile."

Garage mechanics know motor car mechanism intimately; and they, therefore, know that the Hupmobile is built—that it has the stuff in it.

They know that its materials, and its workmanship, compare favorably with cars two and three times its price.

Get a trade-in figure on your present car. Drive over and see us soon.

Piggly-Wiggly ALL OVER THE WORLD

TOYS FROM LAND OF MIDNIGHT SUN HERE

OFFERINGS IN STORE WINDOWS DELIGHT HEARTS OF THE CHILDREN

In the show windows is a brave display of Yuletide gifts, nowadays, while the parcels post clerks at the post office are wondering how to make room for the steadily increasing cargoes of packages, and in the hearts of small boys and girls is a realization that Christmas is almost at hand.

This Christmas will be the most joyous since before the war, according to the belief of Vernon merchants who were interviewed yesterday. For one thing, the shadow of the world war is farther away and the country is in a more normal frame of mind than it has been since the war closed. Again, crops in Wilbarger county have been good and the economy which was made necessary by the post-war period has enabled people to save money. Some of this will be spent during the holidays.

Offerings in the stores this year are marked by improved quality over the usual Christmas goods. Merchants explain this by the fact that most of the toys distributed in America this fall, were made in America, where the tendency is to substantial construction. Again, they say, the whole drift of toyland manufacturers is toward more durable articles, at an increased price.

Among the toys which will delight the hearts of little girls are the 1923 model dolls which cry when you lay them down; wicker doll buggies, almost large enough to carry "little brother" in comfort; and little cribs where dolls may slumber undisturbed through the night.

Small boys can find fairylands of desirable gifts in the shops. There are the sporty racing model automobiles, for instance, some of them equipped with all sorts of accessories; new styles of air guns, and many other things which are essentials in the view of the men of tomorrow.

Father and mother and big brother and the girls are not neglected in the Christmas offerings, which are arriving daily in large quantities.

While the largest portion of Christmas toys in stock here were made in the states, some bear the trademark of far-away Japan. They may have been fashioned by almond eyed Nippon boys and girls, working in straw hats beside a rippling stream, and brought to this country in a ship which floated the banner of the rising sun.

A few toys are of Norwegian manufacture. Perhaps they were made by candle light, in a humble cottage situated on a land-locked fjord, where the summer season is brief and the winter season is lit by the pale glow of the midnight sun. They may be curios, carrying a history which is more interesting than any of the clever things they can do.

Notice to Public

Notice is hereby given that my place, eight and one-half miles northeast of Vernon and known as the D. Magness place, being section 43, block 12, of the H. & T. C. Ry. Co's surveys in Wilbarger county, Texas, is posted. Anyone caught hunting on these premises will be prosecuted according to law.

BIG DIRT RESERVOIR BEING CONSTRUCTED

EARTH AND CONCRETE DAMS WILL HOLD WATER FROM HILLSIDE SPRINGS

A reservoir 1,000 feet long, 650 feet wide at one end, and running to a wedge at the other end, and with an average depth of six or seven feet, is being constructed by the city at its tract of land near Condon Springs. Four "fresenos" are being employed in the work, and others may be added later.

Partial construction of the big dirt reservoir, which will have a capacity estimated at 12,000,000 to 15,000,000 gallons has been undertaken as the first move in development of an additional water supply. The reason for this is found in the fact that the land must be drained and an outlet for the water provided before work on the concrete reservoirs can be well started.

The dirt holding tank, water from which will be used only in case of emergency, will form one link in the system. The concrete reservoirs, which will be constructed on the sloping hillside, will form the second link. They will be built by sections and it is the intention of city officials to get them as far into the ground as possible.

Filling The Reservoir

Mayor Harry Mason, who visited the site of the lake Saturday in company with a Record representative, estimates that even at the present rate of flow, the springs on the hillside will fill a 400,000 gallon concrete storage depot in three or four days.

Water from three excavations on the hillside is flowing into the shallow tank which has been fed for years by the springs. One excavation has been enclosed to form a "well," with small holes at intervals around the base to let the water in. Another has been dug out for some distance up the hillside, and a partial casing of lumber put in the drain ditch to prevent caving of the soil. The third has merely been excavated to the water sand and left.

Making a liberal allowance for evaporation and seepage, it will take five months to fill the earthen reservoir, at the present rate of flow, according to Mayor Mason's estimate. This rate can be greatly increased by the digging of additional "wells."

An island will be thrown up in the center of the lake, the mayor said, and trees and grass started. It is the intention of the city eventually to beautify the lake and form a park there, it was stated.

Natural Advantages

A high ridge of land which runs almost along the city's property line, parallel with the Denver railroad, will greatly reduce the cost of making the lake. The hillside, which will form one side of the triangle, further simplifies the problem. The land is soft and easily worked by scraper and this will lessen the cost.

Overflow water from the concrete tanks will go into the lake. The overflow from this lake will go under the railroad trestle.

Completion of the system will give Vernon the best water supply of any city its size in Texas, the mayor declared. Water from the hillside will be in the city mains before hot weather under the program of construction now being worked out.

Notice

All my land is posted and anyone found hunting with dogs or guns on same will be prosecuted to the full extent of the law.

other seasons it floats low, and the best crops are below 1200 feet. When the moisture comes from the gulf stream the summers and winters are warmer; when it comes from far northern oceans they are colder. Local forecasts follow:

Section 1: North of 47, between 90 and Rockies' crest; lowest temperatures 9 and 16, highest 13 and 20; average near normal; not much moisture 9 to 20.

Section 2: North of 47, east of 90; highest temperatures 10 and 16, lowest 13 and 19; average near normal; not much precipitation between 10 and 19.

Dry Spell Is Coming

Section 3: Between 39 and 47, between 90 and Rockies' crest; lowest temperatures 11 and 18, highest 15 and 22; average near normal; not much moisture 11 to 22.

Section 4: East of 90, between latitudes 39 and 47; highest temperatures 9 and 15, lowest 12 and 19; average warmer than usual; not much moisture 9 to 19.

Section 5: South of 39, between 90 and Rockies' crest; highest temperatures 9 and 16, lowest 12 and 19; average near normal; not much moisture 9 to 19.

Section 6: South of 39, east of 90; highest temperatures 9 and 14, highest 11 and 18; average near normal; not much moisture 9 to 18.

Section 7: North of 43 1/2, west of Rockies' crest; lowest temperatures 9 and 16, highest 13 and 20; average warmer than usual; not much moisture 9 to 20.

Section 8: South of 43 1/2 to Mexican

Many new faces were seen at the opening of the special session of the Congress. Senator Thomas F. Bayard took his seat from Delaware. Senator Smith W. Brookhart was sworn in from Iowa and Senator W. F. George from Georgia, succeeding Senator Mrs. W. H. Felton, who sat for a day as the only woman ever in that body. Senator David S. Reed, of Pennsylvania, who was sworn in shortly before the close of the last Congress, was also on hand. Mrs. Winifred Mason Huck, of Chicago, succeeded her deceased father as Congresswoman-at-large Illinois.

COTTON BUYERS ENJOYING LEISURE AFTER FALL RUSH

Vernon cotton buyers are enjoying leisure times, after one of the busiest seasons experienced here in recent years. Some of the out-of-town cotton men already have left for their homes. A small portion of the cotton crop remains to be picked, in several communities, and farmers are holding some cotton which will be put on the market this fall.

Among the firms buying cotton in Vernon this year are Bennett & Long, Scott & Griffith, Antle Bros., Walker Beane, M. G. Neathery & Co., L. C. Earle, G. L. Barrie & Son, J. B. Love, Sneed & Bridges, Welch Bros., Bert Lishman, R. P. Webb, the L. O. Blant on Cotton Co., M. F. Jones Cotton Co., Bell Bros., and the M. L. Kelly Cotton Co.

Mr. Weatherall has been assisted this year by Paul Castleberry, and Scott & Griffith by Buck White, Roy Antle has bought for Antle Bros.

Joe Hart has been associated with Walker Beane and Peck Hall with M. G. Neathery. M. A. Flory has represented G. L. Barry & Sons, a Bowie, Tex., firm. E. E. Luttrell working for J. B. Love. Joe Corsey is representing the Blanton company, which has headquarters at Gainesville. Joe Lyle is the representative of the M. F. Jones company, which is a Lawton, Okla., concern. W. A. Carter is looking after the interests of Bell Bros., whose headquarters are in Dallas. Roy Reeves is local representative of the Kelly company, which has headquarters in Memphis, Tex.

Washington, Dec. 4.—The cropweather of North America for 1923 will average much less favorable than that of 1922; the good and bad will not be located as B22, because the moisture will not come from the same ocean and therefore the same rules about sea-level and elevated lands cannot be applied for the two years. In some seasons the moisture floats high and best crops are above the 1200 foot level;

Great Masters of the Piano

forte find only in

The Baldwin Piano

that instantaneous response so necessary to the expression of their genius

We invite you to call at our sales rooms and become acquainted with the wonderful qualities of this instrument.

The Education and Happiness of your Family is complete with the

Manualo

The Player with the Human Touch
A desire for the highest and best in music becomes part of your daily life.

Let us show you how the Manualo will add to the attractiveness of your home.

Musical institutions enthusiastically endorse the

Ellington PIANO

Seventy-six Ellington Pianos are in constant use at The Cincinnati Conservatory of Music, one of the largest and best equipped schools for advanced musical instruction in the United States.

Investigate the merits of this marvelous instrument

For the next thirty days we will sell all of our sample pianos \$100.00 less than the regular price, in order to make room for new samples.

This is an opportunity to get a real fine piano at a big saving.

We can also save you money on orchestra and band instruments, piano and violin music and books for teachers and students.

If you want your piano tuned; do not forget that we are experts in that line and we fully guarantee our work to be the best that can be done.

If you want a good reliable teacher of piano, violin, or any other instrument, remember that I stand for the highest and best, and most up to date in every respect.

My prices for tuition are reasonable and could hardly be expected lower. \$6.00 per month, music extra, or \$7.00, music furnished, for first year, all other grades \$8.00 per month.

We are here to serve your musical needs and will appreciate your patronage.

Paul Goetze & Brother.

"SPOON LUNCHEON" SERVED ROTARIANS

MEMBERS REQUIRED TO MAKE ONE MINUTE TALKS; FIVE ARE ASSESSED FINES.

One of the most enjoyable programs in the history of the Vernon Rotary club was enjoyed at the weekly meeting and luncheon Tuesday at noon. The program committee, numbering A. C. Raynor, Barney Williams and E. C. Christian had sent each member a notice that he was on the reception committee and would be expected to arrive early to greet other guests. As a result every one arrived early and all were wearing reception committee badges.

A "spoon luncheon" was served, no knives or forks being at the table. Beside each plate was a sealed envelope and guests were instructed not to open these until told to do so by the president.

On being asked to open his envelope, each guest found a printed slip containing a subject for a talk. The requirement was that each member talk extemporaneously for at least a minute on the subject assigned him, on a penalty of a 50 cent fine.

The subjects were novel and the treatment often very humorous. Five members paid fines rather than make one minute talks.

Dr. Robert E. Dickenson, pastor of the First Methodist church, was a guest. He made a brief address.

Attendance percentage at the meeting was 80%.

The following is a list of the subjects and names of the speakers who took part in the program:

"Why and how I came to select Vernon as a location for my profession" —Bob Babasin.

How can our club best serve Vernon in 1923? —Owen Brunson.

What good if any, have you gotten from your membership in this club? —Andy Bourland.

Tell us the most amusing thing you ever saw provided there is no reference to sheep made —Dick Coffey.

Is a membership in the Rotary Club worth the cost and why? —Barton Flaniken.

What do you regard as the most thrilling experience of your young life and why? —Bob Ferrell.

When an irresistible force comes in direct contact with a movable body, what is the result? —E. L. Dohoney.

What is the meaning of the word Rotary? —Tom King.

Do you think you could sing better with musical accompaniment? If so, what kind? —Needham Stokes.

Does this program and lunch suit you and if not what's wrong? —Hub Colley.

Do you put in as much as you get out of Rotary? If not, why not? —Charley Ladd.

Do you think more singing would benefit the club? —Joe Summer.

What kind of a club would this club be if every member were just like me? —Cully Swartwood.

Does it pay to adopt the Golden Rule in business? If so, how? —Will Lane.

How can you tell to whom it is a good business policy to extend credit? —Clyde Long.

How can a parent best control, support and educate the modern day boy or girl? Speak from experience —Ep. Haney.

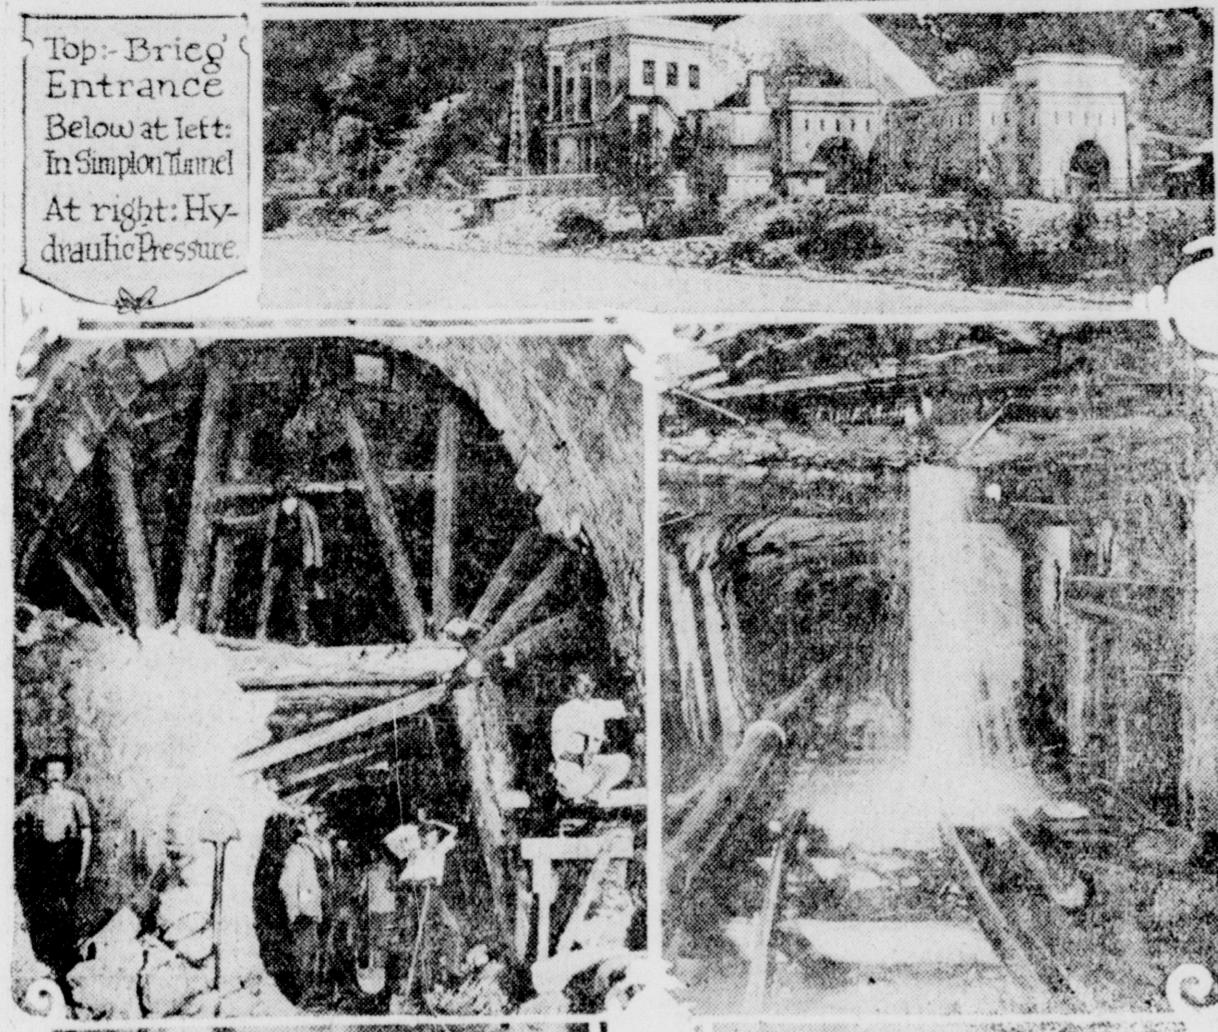

What benefit, if any, do the people derive from your business? —Myatt Naper.

To what specific work can the individual Rotarian best supply himself for the best interest of this community? —Emory Rhoads.

Tell us your main talking point, if any, in your insurance work besides your 25 per cent Luther Webb.

What, if any, has been your greatest

WORLD'S GREATEST RAILWAY TUNNEL NEARS COMPLETION.

The great Simplon Tunnel under the Alps, connecting Switzerland and Italy, on which work was begun twenty years ago, is nearing completion. It is one of the greatest engineering feats ever attempted, running twelve and one-half miles long, 10,000 feet under the top of the Alps. The tunnel reaches from Breig, Switzerland, to Iselle Italy. Instead of a double-track bore two single-track excavations have been made, sixty feet apart. The boring was done with hydraulic pressure.

achievement in life and who knows about it? —Bill Bailey.

What is the purpose of Rotary? —Tom Shive.

Have you learned how to buy on the market and sell on the high market? If not why not? —Roy Antle.

What is the motto of Rotary? —Arthur Vernon.

How can our club best furnish good cheer and Santa Claus for the poor children in Vernon? —Marshall Underwood.

It does not cost anything to cast these for your favorite candidate, and you are not restricted in any sense in voting them. Get all you can and send them in—they all count.

Do Not Roll or Fold. Deliver in Flat Packages.

NOTE—THIS COUPON MUST BE IN BEFORE DECEMBER 12TH.

Gus Davis, held at Tolbert Wednesday afternoon.

C. C. Cobb made a business trip to Vernon Saturday.

Mr. and Mrs. J. C. Rea have moved closer to the Wells Chapel school. Mrs. Rea is the principal there.

Tom Wildman, Harvey Lawlis, and Vance Swinburn of Tolbert attended singing here Sunday afternoon.

ART EXHIBIT TO BE SHOWN AT CENTRAL SCHOOL SOON

More than 100 excellent prints of masterpieces of famous artists will be shown at an art exhibit at the Central school building Dec. 11 and 12, under the auspices of the Vernon Parent-Teachers' association. It was announced today. School children will be given an opportunity to view the pictures from 2:30 to 4:30 p. m. each day, while the public is invited to see the exhibit from 4:30 to 5:30 p. m. Tickets will be sold at 15 cents each, and the proceeds used to purchase pictures for the school rooms.

The exhibit has attracted very favorable comment at cities in Texas where it has been shown recently.

Rattlesnake Bounty Proposed

Buffalo Gap, Dec. 4.—Interest here attaches to the plan of towns and stockmen for the introduction at the next session of the legislature of a bill providing for a bounty of from 25 to 30¢ on each rattlesnake killed. A great economic loss is annually sustained in West Texas, not to speak of scores of deaths ascribed to this venomous serpent. Should the bounty feature be embraced in the measure of trapping will take on a more alluring prospect. In West Texas there are hundreds of rattlers, many of which are annually dynamited and hundreds of reptiles destroyed.
